## WILSON PLANS WAR MESSAGE

### CONGRESS TO BE URGED TO PASS GIANT BILLS FOR DEFENSE

Measures Aimed to Protect  
Merchant Marine Will  
Be Asked Solons

UNIVERSAL TRAINING  
LOOMS AS BIG FACTOR

President Also Will Seek to  
Extend Shipping Board  
Powers in Crisis

BY ROBERT J. BENDER  
(United Press Staff Correspondent)  
WASHINGTON, Mar. 14.—President Wilson's message to the Sixty-fifth Congress, called in extraordinary session April 15, will be sharply militant defense measures such as the country has not been called upon to furnish since the Spanish-American war will be urged by the President for immediate consideration and prompt action.

These are expected to include:  
Legislation covering all matters collateral with the defense of the American merchant marine.

Suggestion for action on some form of universal service or training to prepare the American youth for service on land and sea, if called upon.

Appropriations for the army.

Conservation Measures  
Conservation measures, which will release for immediate use, the mineral and oil resources now locked up in public lands.

Universal training promises to be the biggest question facing Congress. President Wilson and Secretary of War Baker have sent out an appeal for "thoughtful public opinion upon the needs and wishes of the country on this radical departure from the military traditions of the country."

In answer to the plea, newspapers are found thus far to favor—about five to one—the adoption of some universal training plan.

But, according to the military authorities here, the newspapers are "far ahead of the people on the question." Telegrams and letters from the "folks back home" show strong aversion to any compulsory universal service or training.

Compiling Data  
This registration of public opinion is being carefully compiled and will be consulted by the President before he addresses Congress next month. It is probable he will not recommend the adoption of any specific plan but will strongly urge "some training measure."

Senator Chamberlain today said he planned to contribute his own universal service bill and "try to get it through in some form."

The President will also urge the immediate action on a measure to extend the powers of the shipping board "to meet the special needs of the new situation into which our commerce has been forced."

### GOTHAM POLICE MEET SPEEDERS HALF WAY

NEW YORK, Mar. 14.—The police of this city today inaugurated an experiment to ascertain whether citizens are willing to co-operate with the city authorities in enforcing the law. When a policeman spots a speeder, he does not arrest the offender at once unless the offense is flagrant, but sends his name and record number to Headquarters.

The speeder's record is investigated and if it is found that he has committed a similar offense previously, he is summoned before a magistrate to plead his case. If it is evident that automobilists do not appreciate this treatment, the Police Department, after a thorough test, will abandon the system of giving speeders a chance.

### FEARING WAR CALL, SHERMAN PLATT WEDS

NEW YORK, Mar. 14.—Because they fear a call to arms at any moment might interfere with the wedding they planned for after Easter, Miss Penelope Sears and Sherman Platt, a nephew of the late United States Senator Thomas C. Platt, were married here today. Platt is a member of Squadron A. N. Y. N. G., and is subject to call at any moment.

### Returning Teuton Envoys to Strive To Avert Conflict

BY ARTHUR E. MANN  
(United Press Staff Correspondent)  
COPENHAGEN, March 14.—Returning envoys and consuls from America will try honorably to avert war between Germany and the United States. They will advise Foreign Secretary Zimmerman that the Mexican negotiations, revealed in the Zimmerman letter to German Minister Eckhardt at Mexico City, were a mistake.

These statements were made by members of the Count von Bernstorff party just before leaving for Berlin. The former ambassador to the United States himself would make no comment whatever. Members of his party privately voiced regret over the matter.

Bernstorff appeared old and care worn when he left.

### SENATE DEFEATS BOXING BILL

SACRAMENTO, March 14.—The senate today defeated a bill regulating our round boxing. This it is believed kills the dream of a constitutional amendment legalizing ten-round professional bouts.

SACRAMENTO, Mar. 14.—With the city's county unit local option bill off the boards, interest in liquor legislation at the capitol is today centering on the Rominger bill to eliminate saloons and prohibit liquors stronger than wine.

The county unit bill was voted down in the Senate late yesterday, 22 to 16. V. J. Carr, author of the bill changed its vote and gave notice of reconsideration. But it is the general belief that the county unit bill is killed for good.

Also it is now generally believed that the Rominger bill will pass the Senate with several votes to spare. It is believed that members who voted for the county unit bill will support the Rominger bill, which was favored by the Anti-Saloon League. The Anti-Saloon League also favored the county unit bill. In addition to the sixteen it is figured that at least six who voted against the county unit bill will support the Rominger bill, thus insuring its passage in the Senate. J. Ballard and Stuckenbruck in their arguments against the county unit bill declared that they will vote for the Rominger bill.

But the proponents of the Rominger bill are not so sure of the Assembly. Assemblyman Ashley, coming from a district which alleges there is at least a "bug" in the Rominger bill in that it does not hit clubs. The wet leaders in the Assembly consider the Rominger bill too strong in the way of prohibition and in this branch the liquor forces are proportionately much stronger than in the Senate.

The first battle on the Rominger bill will come at a public hearing next week.

### MADSEN SECRETARY FOR STEPHENS, REPORT

SACRAMENTO, March 14.—That Martin C. Madsen, executive secretary to Gov. Johnson, will on Thursday become private secretary to W. D. Stephens, the new governor, and that Paul Herriott, a member of the state board of control, will accompany Senator Johnson to Washington as his secretary are reports circulated at the capitol today on high authority.

### JOHNSON PARDONS TEN YOUNG MEN

SACRAMENTO, March 14.—One of Governor Johnson's last acts as governor is the pardoning of ten youths, whose cases have been thoroughly investigated by Mrs. Johnson. Three of the men were paroled, and it is expected that the remainder will be pardoned by tomorrow.

### NEW BLOCK DISCUSSED FOR BROADWAY, L. A., AS FIRE'S AFTERMATH

LOS ANGELES, Mar. 14.—The possibility of Frank W. Young erecting a new business block to take the place of the old Wilson block on Broadway destroyed yesterday by fire, is being discussed today. Young has stated that if investigation shows that the building is unsafe he will rebuild. The damage in yesterday's fire is placed at \$150,000.

### China Breaks With Kaiser

### 6 GERMAN MERCHANT SHIPS IN SHANGHAI HARBOR ARE SEIZED

WASHINGTON, Mar. 14.—Diplomatic relations between China and Germany were broken by China today, according to an official message of the Navy Department. The Chinese government has seized all German merchant vessels, about six in number, in Shanghai harbor, and the crews have been sent ashore. Armed guards have been placed aboard the vessels.

### STEAMER IS SUNK BY MYSTERY RAIDER AS ALLY FLEET PURSUES

TOKIO, March 14.—Official announcement of the presence of a German raider in the Indian ocean preceded receipt of dispatches here today detailing the destruction by this craft of the unidentified steamer Tukul Maru en route to India. Australian naval authorities were quoted in advices here today as declaring a German raider, equipped with aeroplane, has been lurking in the vicinity of Colombo since the latter part of February. Japanese official statements said a big Anglo-Japanese fleet was scouring the ocean for the raider and all shipping has been warned.

### U. C. STUDENTS TO BE TAUGHT WAR TACTICS IN \$80,000 ARMORY

BERKELEY, March 14.—Military tactics will be taught to students of the University of California in an armory to cost between \$80,000 and \$100,000, according to a decision by the regents of the university.

James Mills was the objecting member of the board who declared he would like to see the university take a stand opposed to the preparedness movement, declaring the spirit now sweeping the country is one foreign to the destiny of the United States.

### BUENOS AIRES FAILS TO CLOSE SALOONS, SO TRIES GROCERIES

BUENOS AIRES, Mar. 14.—Having tried and failed to close the saloons on Sunday, the Buenos Aires city government is making a similar experiment with the grocery stores. The idea is to give the clerk a day's rest a week. It is not a religious movement. Most grocery stores do keep their front entrances shut, which the saloons never did, but they do a tremendous side door trade.

### TO TELL GRAND JURY WHAT THEY KNOW OF BAY CITY TONG WARS

SAN FRANCISCO, March 14.—Edward White, immigration commissioner at Angel Island, and O. P. Stidger, attorney for the Chinese chamber of commerce, will appear tonight before the grand jury here to tell what they know regarding the Chinese tong wars in San Francisco.

### STAGE IS SET FOR PARLEY WHICH MAY BRING HUGE STRIKE

Rail Managers and Brotherhoods Hold Separate N. Y. Meetings

### FRENCH ACHIEVE GREAT VICTORY

LONDON, March 14.—The Russians have captured Ker-manshah, Persia, from the Turks, it was today announced.

PARIS, March 14.—Another sweeping French victory was announced in today's official statement.

"On Tuesday, south of St. Mihiel, the French captured Romainville farm and penetrated at four different points up to the second lines of the enemy between the Meuse and Apremont, imprisoning many," the war office asserted.

### TURKS TAKE UP NEW LINES, IS ADMITTED

CONSTANTINOPLE, March 14.—"Turkish troops have taken up a new position between Bagdad and Samarra," said an official war office statement today.

### BRITISH REPULSED WITH BIG LOSSES—BERLIN

BERLIN, via Sayville wireless, Mar. 14.—"In the Ancre sector," declared today's official report, "the British attacked in the afternoon without artillery preparation between Achiet le Petit and Grevillers and at night, both sides of Bucoy. They were repulsed under heavy losses and left fifty prisoners in our hands."

### BAPAUME DEFENSE LINES TAKEN BY BRITISH

LONDON, March 14.—The abandonment of the Germans' main defense lines west of Bapaume on a three-and-a-half-mile front was announced in an official report from British headquarters in France. The German rear guard was driven back to a depth of a mile by the British, who occupied Grevillers and Loupart wood.

### BRITISH NOW 30 MILES BEYOND BAGDAD

LONDON, March 14.—It is stated today that advanced British detachments are now thirty miles beyond Bagdad.

### STAGE IS SET FOR PARLEY WHICH MAY BRING HUGE STRIKE

Rail Managers and Brotherhoods Hold Separate N. Y. Meetings

WASHINGTON, March 14.—It is today believed that Wilson will take a hand in checking the Brotherhoods' strike. Some think that he will wait until after the conference between the brotherhoods and railroads tomorrow but others think that he might make a statement before then, aimed at delaying the tie-up.

NEW YORK, March 14.—Railroad managers and brotherhood chiefs held separate meetings this afternoon, preparing for the joint session tomorrow which may precipitate the strike.

CHICAGO, March 14.—Strike orders received here by brotherhood officials today show that Chicago will be hard hit.

The orders provide for the calling out of the employees of the biggest percentage of important railroads Saturday, a second group to be called out Sunday if deemed necessary, and a third call to come Monday, taking out all trainmen. This to be subject to the issuance of supplementary orders in the meantime.

A strike is certain to close factories and make the food shortage most acute.

The railroads' managers declare that the brotherhoods are bluffing and do not believe that many men will walk out.

NEW YORK, Mar. 14.—Two camps in which negotiations to avert the threatened country-wide railroad strike war will be conducted were established in the Grand Central terminal district today.

Brotherhood chiefs coming here from Washington today for the meeting with the railroad conference committee tomorrow, had decided for peaceful settlement if possible. They were, however, determined there should be a settlement through a great labor war if necessary, and reports from various railway centers indicated that strike orders are automatically set, subject to recall only in case the managers meet their terms.

The railway managers professed optimistic belief that there would be no strike, that the president would not permit labor strife to block the preparedness movement, and declared they stand on their announced belief that neither side should take any drastic action before the supreme court decides the constitutionality of the Adamson 8-hour law.

President Wilson, through Secretary of Labor Wilson and the Federal Board of Mediation, is prepared to watch every move made during the next few days.

The deadlock reached is illustrated in statements issued from the two camps. Each declares itself firm in its intentions to "stick it out."

### GERMANY WANTS U. S. IN WAR, THINK LATIN

ROME, Italy, Feb. 3 (By mail).—Germany's diplomacy is not so much statesmanship as trickery. This is the opinion in certain allied circles here today.

Many think Germany really wants to draw the United States into the war. These say that her recent announcement of an "unrestrained submarine campaign" has this purpose among others.

Germany is now certain she can not win the war, it is asserted. Consequently she is beginning to intrigue for her future position in Europe.

### QUARTERMASTER RESERVE CORPS, PLAN AT S. F.

SAN FRANCISCO, Mar. 14.—General J. Franklin Bell, commanding the western department of the army, has received instructions from the War Department authorizing the organization of a quartermaster reserve corps of 3,308 men in the department. Lieutenant Colonel M. W. Rowell will be in charge of the organization campaign. Enlistment will be for four years.

### WILSON APPEAL FROM MEN IN LIFE BOATS IS REFUSED; ATTACK WITHOUT WARNING

WASHINGTON, March 14.—Confirming the expressed administration belief that Germany intends to carry her program of ruthlessness into American shipping, the news today was received here that the American steamer Algonquin, bound for London and laden with foodstuffs, was torpedoed without warning on Monday morning. All of the crew were saved.

The submarine opened fire on the Algonquin at three miles and fired twenty shells. When appealed to the commander of the submarine refused to allow the survivors' life boats. The report of the torpedoing was issued by the American consul at London.

Though the destruction of the Algonquin made it practically certain that American shipping will not be immune from "unbridled sea war" attacks, the case does not alter the general situation.

Armed American ships will sail and for the present at any rate there will constitute the American defense against the submarines.

The sinking of the Algonquin convinced the authorities here that they have nothing to hope for as far as a modified procedure by Germany is concerned.

While they are agreed that the Algonquin case does not mean war now, officials consider the case extremely serious.

The Algonquin sailed from New York February 20, after some trouble in assembling her crew.

She was commanded by Captain A. Norberg, a naturalized American citizen, and was loaded with about 2000 tons of cargo.

The Algonquin was unarmed and was placed under American registry in December by the American Star Line. The ship was insured for her full value.

Officers of the line in New York today said that a consignment from Swift and Company was valued at \$800,000 and that in addition there was a general cargo estimated at about \$700,000, making the cargo total about \$1,500,000. The ship itself was valued at \$400,000.

The Algonquin was an 1800-ton steamer, formerly in the Great Lakes traffic.

Five men were released from service February 17, reducing the number of officers and men to 23.

After having stated that all members of the crew were Americans, officials of the American Star line at New York checked up their records and said they could not state positively that more than eleven were American citizens.

A London dispatch states that after shelling the Algonquin the German went aboard and exploded bombs, sinking the ship.

### WILSON NAMES TARIFF BOARD

WASHINGTON, Mar. 14.—President Wilson has selected members of the new tariff board as follows:

Prof. Frank Taussig, who will act as chairman; W. S. Culberson, Kansas; William Kent, an independent, California; David J. Lewis, Maryland; E. P. Costigan, Denver, and Daniel Roper, formerly with the postoffice department.

### YEGG SUSPECT'S PAST UNDER PROBE IN L. A.

LOS ANGELES, Mar. 14.—Detectives here today are making renewed efforts to bare the past record of George Melrose, who is in jail suspected of being one of the bandits who several months ago pulled off the spectacular Piru safe-blowing exploit.

Melrose was arrested at Ninth and San Pedro streets last night. He had been under surveillance for several weeks.

Melrose is wasted and emaciated as the result of a healed wound in his back. He says the wound was caused by a knife, but detectives are positive that the injury was caused by a bullet and they more than strongly suspect that the bullet was fired in the Piru battle between bandits and deputy sheriffs.

### GERARD CHEERED UPON ARRIVAL AT CAPITAL

WASHINGTON, March 14.—Former Ambassador Gerard and his party were met by cheering crowds when they arrived here this afternoon.

Gerard immediately was handed a White House memorandum, suggesting that he make no comment on the German situation until after he transmits a full report to the President and Secretary Lansing.

The ambassador said that he might have something to say later this afternoon.

WASHINGTON, Mar. 14.—American Ambassador James W. Gerard was due here about 12:30 today to report on German conditions, as he sees them—a report that will doubtless have much to do with America's future course toward Germany.

He will see President Wilson, Secretary of State Lansing and other state department officials, giving them first-hand views and news as to what stirred Germany to her desperately ruthless submarine campaign, as to economic and military prospects, and regarding war and peace possibilities.

It seemed likely that today he would see only the State Department officials, although President Wilson, despite his need for rest in his present indisposition, may insist upon having him call at once at the White House.

### LAST SAD RITES FOR MRS. ADELINE EMERSON

The last sad rites said for Mrs. Adeline Harriet Emerson yesterday at Smith & Tuthill's chapel were impressive and attended by many old friends made during her many years of residence in this city. Rev. W. H. L. Benton of the Church of the Messiah officiated, using the rites of the Episcopal church and many lovely flowers surrounded the casket, tokens of the love and high esteem in which the decedent was held.

Mrs. Emerson was the wife of the late L. N. Emerson and was eighty-six years of age. For many years the family resided at 111 East Santa Clara avenue.

Although afflicted with old age and weakness for a long period, Mrs. Emerson kept her alert mental faculties to a remarkable extent almost to the last.

Adeline Harriet Kimball was born in Compton Province, Quebec, Canada and with her husband came to Santa Ana in the spring of 1888, Mr. Emerson preceding her in death in 1913. Recently she went to Los Angeles to reside with her sons, of whom she leaves two, Lewis and George, and one sister, Mrs. G. L. Renington, also of Los Angeles.

The pallbearers yesterday were R. Best, D. A. Dale, George M. Wright, George Robinson, E. B. Smith and Horace Fine.

### TUSTIN FOLK ATTEND L. A. PRESBYTERIAL

TUSTIN, March 14.—Visitors from the Tustin Presbyterian Missionary Society to the Los Angeles Presbyterial annual meeting were Rev. and Mrs. W. S. McDougall, Mrs. A. D. Turner, Mrs. S. E. Tingley, Mrs. P. H. Ebel, Mrs. J. W. McCullough, Mrs. G. W. Pollard, Miss Bevin and Miss Grace Hatfield were delegates from the Christian Endeavor Society.

As a housewife who is proud of her home, it will pay you to find out how the electric range will do for your work what the typewriter, the telephone and the adding machine have done for man's. Attend the free cooking school this week at 412 North Main street.

## CAFE CLOSING IS THE BIG ISSUE IN RUCTION AT SEAL BEACH

### Mayor Blagge In Bad With Those Who Want Closing Hours Extended

With a petition out for the recall of Mayor Blagge of Seal beach, and agitation of extending the closing time of cafes from 12:30 to 2 a. m., the residents of Seal Beach are having a "hot time" in local politics.

The state law permits cafes to remain open until 2 o'clock. A city ordinance provides for the closing of the cafes at Seal Beach at 12:30. Mayor Blagge and Trustee Pfaffenberger are opposing the extension of the ordinance, and it is asserted that the recall petition against Blagge is due to his stand on this issue.

Trustees Richards, Magie and Adams are said to favor an ordinance permitting the cafes to remain open until 2 o'clock.

The recall petition will be presented to the council at its meeting tomorrow night and a new ordinance will be given its final reading at the meeting. The latter favors the cafes.

Richards is out of town on business and if he returns in time for the meeting tomorrow night it is said the ordinance will be passed. Trustee Pfaffenberger has broken into print. He has printed in circular form an open letter to J. P. Transue, of the Bayside Land Company, in which he sets forth his position in the matter of granting the cafes the privilege of prolonging their opening hours. He talks straight. In view of the fact that the conditions at the beach are of general interest throughout Orange county, the Register reproduces the letter in full, also the heading to the recall petition.

**An Open Letter**  
The open letter in full follows:  
Copy of a letter which speaks for itself. "Senator" refers to P. A. Stanton. Mayor Blagge, while a liberal, is safe and sane. He cannot be bought nor bulldozed. Final vote on proposed change will be taken on Thursday next, March 15th, 8 p. m. COME!

March 2, 1917.  
Mr. J. P. Transue,  
Bayside Land Company,  
Seal Beach, Cal.

Dear Jake: I don't believe that you took it as a personal insult, nor did I intend it as such when I walked out on you last evening. Making this thing a personal matter is all wrong no matter how strongly you or the Senator may feel about it. I don't know of any law either city, county, state, or national that compels a city officer to listen to personal abuse and when you got sarcastic and abusive I simply walked out as the most expedient way of stopping the argument as I won't fight with any man on a matter of personal opinion on any subject.

It is quite evident from the stand that you men have taken in making the issue a personal matter that it is on a question of "rule or ruin" policy with you. As the Senator puts it, "if the people of Seal Beach don't like the way things are run let them get out." I ask in the name of common sense whether such a policy will insure for Seal Beach a lasting future. Is this Russia or free America? Have the opinions of other people no weight? Because they do not agree with you have they no freedom of speech or

**Eat what you like!**

and enjoy it. Put your stomach in shape to digest your food and take from it its strength-giving, health-building elements. Stumneze helps Nature to help herself.

## Stumneze

No candy pepin tablet, but a real stomach medicine, formulated to give relief. Not made to taste nice, but very few people find that pungent, mint flavor distasteful. No matter what you call your trouble, real relief and stomach comfort are waiting for you. Get a bottle of Stumneze today.

action? You gentlemen were all opposed to any action last summer. You changed your views which you had a perfect right to do, but when you changed you immediately expected us to change ours, and because we did not you subject us to abuse both personal and otherwise.

You invested your money in Seal Beach not because you wanted to benefit individual property owners but because you wanted a profit on your money. You wanted to make money. If you haven't made it is that any reason to throw all morals to the winds? You surely know, if you have thought the matter over, that with a two o'clock law which means three or four, that Seal Beach will be infested with prostitutes and rough necks and no decent man is going to stand for that sort of thing next door to his family. Regulate it? Why of course, but not until a certain damage is done. We have to find out before we can act, and the finding out may be through the lips of some innocent child or mother who has intuition enough to suspect that something is wrong in her neighbor's house. Would you want your little daughter petted by one of these moral lepers unbeknownst to you?

We advertise Seal Beach as a safe place for women and children. Is that playing "safe"? We advertise Seal Beach as a resort for refined people. Are we appealing to refined people by going the limit on the booze question? Again you say, "regulate it." I never saw or heard of a strict regulation by law that was successful. There is a successful plan of regulation and that is by the liquor men themselves, such as is vogue in Anaheim. And they didn't grab at all the law allows, but adopted a sane policy that would keep down agitation against them. There is a constant turnover at every place in Southern California right now where the two o'clock law is in effect. Look at Venice, Ocean Park, Santa Monica, Vernon, and San Diego, and the recently closed Newport and Balboa. Haven't we enough concrete examples that it cannot "be done"? What's the use of trying when we know the ultimate result?

You say a majority of the people want it. We say a majority of the people do NOT want it. We are willing to have an initiative election to decide it. You don't want it. Have I abused you because you do not want it? Certainly not. Yet you abuse me because I won't do exactly what you wouldn't do under similar circumstances and which I'll wager you wouldn't do and didn't do when you were a member of the legislature. There are many who signed it because

they couldn't refuse on account of business reasons. My sympathies are with them because they are situated in such a way that they must look after their bread and butter first and their convictions second. These people would vote against it in the booth. The Senator says these sort of people "aren't worth a damn." It would jolt him severely to know who some of these "damn" people are. Since any city trustee has a right to find out the real sentiment of any petition, it follows that he has a right to follow his own line of reasoning on voting for or against any measure that will affect his petitioners. It also follows that if he feels that the matter should be referred back to the people for a vote he is following his oath of office and carrying out the will of the people.

If on the other hand no election is called and the people demand the recall of those who voted against the petition, it is very agreeable to me that they do so. I never heard of a recall being directed against a man for taking a moral stand, but there are numerous cases where the recall has been invoked against a despoiler of public morals. If I am recalled I go down to defeat with a clear conscience and no regrets. Some may only "sleep in Seal Beach" but we have a perfect right to sleep in a decent place, and while we may be away from our homes all day we have a keen sense of responsibility and can see the danger to Seal Beach with a greater clearness.

**Recall Petition Heading**  
The heading of the recall petition follows:

Seal Beach, Cal., Mar. 7, 1917.  
Honorable Board of Trustees,  
City of Seal Beach.

Gentlemen: We, the undersigned qualified electors of the City of Seal Beach, Orange County, Cal., do hereby demand the recall of J. H. Blagge, a member of the Board of Trustees of said city, and demand that an election be held for the purpose of electing a successor to the office of member of said Board of Trustees, now held by the said J. H. Blagge.

The reasons for our demand and the grounds on which this removal and recall is sought, are: That he has been unwilling to consult with the tax payers and property owners of this city in matters directly concerning them, and also in matters of general civic interest, and when he has been informed of the wishes of the electors of this city, has failed to comply therewith.

That as presiding officer of the Board of Trustees he has been arbitrary and imperious.

That his actions as member of such board, and as presiding officer thereof, have caused property owners and other interested persons to withdraw petitions filed with said board for many contemplated and needed public improvements, and that, because thereof, the growth and development of this city is greatly hindered.

from the outside—so to speak—than you who are so wrapped up in your greatly magnified grievances that you have lost all sense of discretion.

The Bayside Land Company have made heavy investments. They are substantial. The cafe owners have made large investments but they are not so substantial. They knew from the very nature of their business and past history that their investments were strictly regulated by law. True the state law allows discretion up to 2 a. m., and we exercised the discretion when we permitted liquor to be sold until 12:30. The people approved of it as it stands and there has been no agitation against the cafes of Seal Beach as there has been in other cities. But there will be CON- STANT agitation against them if the two o'clock law is adopted, not only in Seal Beach but in the whole of Orange county. You say these heavy investments have a right to protection and a fair return on their money. Very true, they have. But how long have they suffered loss? Only a short period. Show me any business investment (outside of "war blues") that does not run into red during the "infancy" period. Every business man expects it. Yet these men came to Seal Beach and expected to "mint money from the very start. I predict they will do a good business this summer—enough to tide them over the winter. They certainly will do a whole lot better than the West Coast beaches with all their agitation and curtailments of recent date. People now know that Seal Beach is on the map and most people want a "safe place to go." I'm first and last for keeping it "safe" and in time these cafes will win out on their investments and realize a great deal more than if they have their two o'clock law, make money, but in the making of it incur the wrath of decent people who will turn on them and vote them clear out.

I offer this as an expression of good will to yourself, the Senator, Mr. Burr and your associates in the Bayside Land Company, and if there is anything that you fellows want to advance your interests and the interests of Seal Beach by a sane and conservative policy I don't think you will find me wanting.

Sincerely yours,  
W. G. PFAFFENBERGER.  
(Signed)

## IS LOVE OF TRUTH POWER, ETHICAL AND SOCIAL PROGRESS

### A. B. Gardner Presents Able Paper At Regular Meeting Of Monday Club

"The Love of Truth as Social and Ethical Dynamic, or Truth and Progress," was the theme of a very thoughtful paper read before the Monday Club at its meeting last evening, by A. B. Gardner.

To the declaration of the Man of Nazareth that he had come into the world to bear witness of the Truth, Pilate could only exclaim, "What is truth?" He who had but a short time before explained to his immediate followers that He is the way, the Truth and the Life, had previously declared to them that the Truth shall make them free.

But what is Truth? And is the love of truth a power for ethical and social progress at all? Perhaps after all the relation between Truth and Progress will be only the presentation of the Scientific Spirit.

All men profess to be lovers of truth. To require to define it they would show a great variety of aims all under the name of truth. In popular thinking, truth is practically synonymous with reality, and this in turn suggests the query, what is reality? Usually truth is thought of as a rock quarry; it is ours to dig out and discover and appropriate. It is an edifice built once for all, finished and complete.

But further inquiry as to the nature of ultimate reality unsettles this notion of fixity and finality. The practical idealist insists that reality is a creation of our own minds from the raw materials of experience. And then comes the pragmatist, who in method is but an echo of the scientist, telling us that truth is only that quality of our ideas which happens to them and causes them to work in the long run. Ideas are true if they are successful in leading up to and supporting other ideas and so harmonizing experience. This is the answer of the pragmatist to the question, What is truth?

Human acts are good if good for some purpose. Ideas are true if true to or working for some purpose. It is not all of ultimate good to point to the goodness of an act. Neither is it all of truth to point to the truthness of an idea. The truth for the sake of which ideas are counted true or workable is an experience of the universe.

The speaker discussed the notion of loyalty as set forth by Prof. Royce. This doctrine of loyalty does not mean adherence to doctrines or mere truths, but that attitude of mind and heart which counts itself not as having attained truth casts of those things which are behind, without preconceived dicta goes forward in quest of broader experiences with open and receptive mind, accepts facts as they are found and follows truth wherever it may lead. This is called the Scientific Spirit and only to the life of such a spirit does Truth promise to make men free.

In short, the answer to the query, what is truth, is to be found in the attitude of mind known as the scientific spirit. This spirit is the basis of all progress and all achievement.

Having defined Truth in this way Mr. Gardner proceeded to apply the concept to the various phases of the civilized life of mankind, to the field of natural science, to industry and commerce, to politics and society. The scientific spirit when turned upon institutions challenges them all. The scientific spirit is the basis of most of modern radicalism. The development of this idea as applied to the political field was of special interest, as Mr. Gardner traced the evolution of political theory from the time of Machiavelli to the present. The scientific or Christian spirit is inherent in the conception of pure democracy. This spirit is the flower of the Christian era, the crowning human attribute of the Nazarene himself. The saved soul is that which has attained open-mindedness to all truth.

Speaking of the religious life of mankind, the comment was made that so far as the life of man outside the family relation is concerned, his life is still of the Pagan order in the main. It can hardly be successfully contradicted to assert that only a Pagan basis for a civilization will in any degree account for the present state of the world, referring to Europe in particular. Our meaning is this, that only the pagan element in so-called Christian institutions has had any quarrel with the scientific spirit, or the moral power of open-mindedness, while the

## DOES RHEUMATISM BOTHER YOU?

Many Doctors Use Musterole

So many sufferers have found relief in Musterole that you ought to buy a small jar and try it.

Just spread it on with the fingers. Rub it in. First you feel a gentle glow, then a delicious, cooling comfort. Musterole softens the twinges, loosens up stiffened joints and muscles.

Musterole is a clean, white ointment, made with oil of mustard. It penetrates to the seat of pain and drives it away, but does not blister the tenderest skin. It takes the place of the mussy, old fashioned mustard plaster.

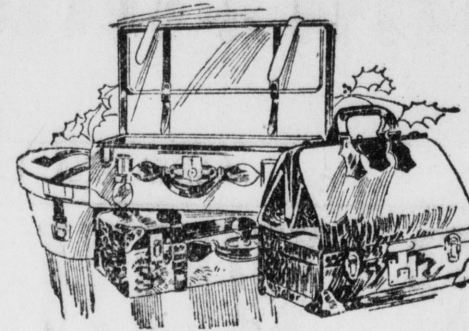

Musterole is recommended for bronchitis, croup, asthma, pleurisy, lumbago, neuralgia, sprains, bruises, stiff neck, headache and colds of the chest (it often prevents pneumonia).

Offer this as an expression of good will to yourself, the Senator, Mr. Burr and your associates in the Bayside Land Company, and if there is anything that you fellows want to advance your interests and the interests of Seal Beach by a sane and conservative policy I don't think you will find me wanting.

Sincerely yours,  
W. G. PFAFFENBERGER.  
(Signed)

**MUSTEROLE**  
WILL NOT BLISTER

## The Pleasure of Traveling is Greatly Enhanced if You Are Provided With Baggage of the Better Quality

Did you ever envy the traveler whose baggage distinguished the owner as a person of refinement and good taste? The unmistakable quality impressed you that the owner was a person of affairs.

Time to Re-tire?  
(Buy Fisk)

Christian or truth-loving spirit is in complete accord. Most religions have been unethical. Some are ethical in doctrine but strongly inoperative ethically. What has proved good in the way of belief in the past has never been the most advanced truth of the time. The good and the true will work only tandem. It is sometimes objected that there is more moral power in a half truth than in a whole truth, or more power in wholly believing a half truth than in half believing a whole truth.

The paper provoked a very lively and interesting discussion.

## RARE ART WORKS TO GO ON BLOCK

NEW YORK, Mar. 14.—Fifty thousand dollars worth of Old Masters from the collection of Frederick R. Halsey will be auctioned off at the Anderson Art Galleries here beginning today.

This is the seventh section of the Halsey collection to be sold and will bring the total sales from the collection to nearly \$400,000, or more than \$100,000 greater than any similar sale on record. Other sales from the collection later probably will bring the total close to a million dollars.

Among the most interesting of the Old Masters on sale today are "Christ Healing the Sick" and "Christ Before Pilate" by Rembrandt; "Catherine of Braganza," "Henrietta Maria" and "Oli-ver Cromwell" by William Fairthorne, one of the most celebrated of the seventeenth century portrait engravers, all exceedingly rare specimens, are in today's selection.

— Mrs. C. B. Cavins—Corsets and Hair Goods—removed to Smart Shop.

## POLY PROSPECTS TO WIN COUNTY MEET RECEIVE HARD BLOW

Faculty Ax Falls, Puts Nieblas and Trotter Upon the Ineligible List

Like a thunderbolt out of a clear sky, the faculty ax fell with a sickening thud on the prospects of Coach Hall's Poly track men seizing the county meet this coming Saturday. Yesterday afternoon low scholarship records were made public and included on the ineligible list were discovered the names of Vincent Nieblas, star distance runner, and Clarence Trotter, pole vaulter and high jumper. Coming at the eleventh hour of such an important affair, only supreme efforts and the break of luck can overcome this handicap and result in a Santa Ana victory.

Nieblas was certain to register four or five digits with the possibility of more than that; Trotter was hoped to win the pole vault and gain a third in the high jump. So, speaking from a stinging standpoint the locals are devoid of at least eight to ten marks, nothing to be sneezed at, when it is figured thirty points will capture the day.

A great deal of keen relay interest has been displayed in the Poly relay aggregation. A great many point out that the relay will decide the meet.

and whether it does or not, the local institution figures on putting up a stiff scrap. They have not been bested to date and do not believe Orange has the men to accomplish it, either. Coach Hall has some seven sprinters, from which to select his four-man squad. Of course, Raney is cut and dried to run the concluding lap. That leaves three places for six men. At present the logical candidates appear to be "Shorty" Johnson, Gene Tracy and La Verne Guiley. Smith, the Fresh, is a demon but has not reported regularly for practice; Osborn is about the equal of Johnson and Guiley while the other man, Plavan, will hardly stand the pace.

At any rate, Santa Ana is certain to present a real quartet, one that will give a real race to any four in the county.

### Baseball Hit

Scholarship deficiency, likewise hits a hole in the baseball squad, like a 42-centimeter wedge against a Mexican adobe but, Marshall Burke, promising freshman pitcher, was rendered ineligible for athletic competition for a period of five weeks, because of low work in class room.

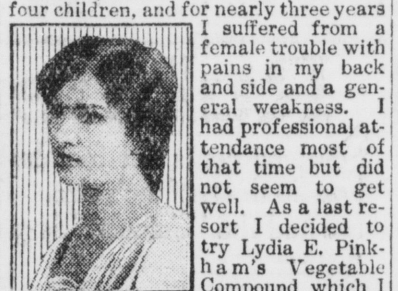

So it now rests with big "Blondy" Morrison more than ever to bring home the gonfalon. Brooks will be groomed as relief pitcher, but he isn't Burke by a long shot. Aside from the one man, Mentor Smith's outfit remains intact.

The ball team is being measured for new suits and before long the members will blossom forth in all their glory. The new outfits will bear an Indian head, to carry out the "Braves" idea. Some ingenuity, we claim.

## NOW FREE FROM PAIN

Woman Cured by Lydia E. Pinkham's Vegetable Compound after Three Years Suffering.

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my housework."—Mrs. B. B. ZELINSKA, 234 Woltz Ave., Buffalo, N. Y.

Women who recover their health, naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends. If you need a medicine for women's ailments, try Lydia E. Pinkham's Vegetable Compound. Write Lydia E. Pinkham Medicine Co. (confidential) for anything you need to know about these troubles.

## CO. L BATTLES WITH NAVY TO RETAIN ITS RECRUITS

Many New Members Have Joined Navy Soon After Enlisting

Company L is having a battle of its own.

Its battle is for membership, and its opponent is the navy.

The company has been adding a number of recruits to its roster recently, and in some instances the recruits have retained their membership only for a few days, joining the navy before they had even had time to get a new uniform.

An effort is now being made to increase the list of the local company to 106 by March 31, and young men who are intending to join are requested to do so before that date.

It is the desire of the commanding officers to have as many enlist tonight or tomorrow night as possible, because of the federal inspection which is to be held at the Armory tomorrow night.

Lieutenant Colonel Frank W. Slade, of the Twenty-first United States Infantry, will make the annual inspection of all government property, records, and the efficiency of the personnel of the organization.

All members are expected to attend, as it is the one event of the year when attendance is necessary. Upon the report of the inspector will depend the allowances and standing of the company.

The company has about eighty-five members and it is expected sixty-five of them will be present tomorrow night.

FOR YOUR CHILD'S COUGH

Here's a pleasant cough syrup that cures child likes to take, Dr. Bell's Pine-Tar-Honey. If your child has a deep hacking cough that worries you, give him Dr. Bell's Pine-Tar-Honey. The soothing pine balsam relieves the cough, loosens the phlegm and heals the irritated tissues. Get a bottle today at your druggist and start treatment at once. 25c.

It would pay you to investigate how the installation of an electric range upon which your cooking can be done electrically, will save your time and strength and increase the efficiency of your housework. Attend the free electric cooking school this week at 412 North Main street.

## SANTA FE MADE \$28,810 FLOOD SUIT TARGET

As an aftermath of the flood of 1916, an action asking \$28,810 for alleged damages done to land near Olive and Main streets, today is on file in the United States District Court, Los Angeles, against the Santa Fe.

It is alleged by Mrs. Thomas that drainage from her land was cut off during the flood of 1916 by a cut that had been made by the Santa Fe. As a result of this lack of drainage, the plaintiff claims, the southwest corner of her ranch was covered with from three to four feet of silt, and ruined.

## CHEF SAYS WE WASTE TOO MUCH FOOD

According to Chef A. W. Wyman, who is conducting a cooking school for the Southern California Edison Company at 412 North Main street, we throw away entirely too much food that could very easily be turned into palatable dishes. The chef believes that the high cost of living can be materially reduced, and proposes to show housewives how to make the most out of left-over dishes, such as scraps of meat, vegetables, poultry and fish.

This cookery school is attracting a good deal of attention. Yesterday the quarters were filled to overflowing. The Ebell Club women are displaying unusual interest in the instruction afforded at the North Main street store room.

Tomorrow afternoon and evening the chef will serve spaghetti Italiane, orange salad dressing, Garden City salad, Pochontas Spoon bread, Quick cake, Mock-butler filling, etc.

The demonstrations begin at 2:30 daily and will continue until Saturday.

## From Weak and Lame To Well and Strong

Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Straygore.

"Last year, I got almost down with my back," writes Mrs. H. T. Straygore of Gainesville, Ga., "I had a severe case of inflammation of the bladder, and whenever I stopped doctoring I grew worse. I tried Foley Kidney Pills, and after taking them awhile my bladder action became regular and the stinging sensation disappeared. I am now stronger in my back than I've been for several years, and since getting well, I've stayed well and had no return of the trouble."

Start in now to use Foley Kidney Pills. You will feel an improvement from the very first doses, showing how quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and sides, limber stiff joints and aching muscles. They put the kidneys and bladder in sound, healthy condition. Try them.

Rowley Drug Co.

## LEMON BLOSSOMS DAMAGED BY THE COLD SNAP

Low Temperatures Reported In Oxnard and San Bernardino Counties

OXNARD, Mar. 14.—Lemon growers of this section fear that the frosts of the past three nights have killed some of the lemon blossoms. The extent of the damage cannot be ascertained for several days.

The citrus growers in the Santa Paula sections have burned their smudge pots thirty-two nights this season.

The smudges were used only twenty-nine nights in 1913, the year of the big freeze.

### LOW TEMPERATURES

SAN BERNARDINO, Mar. 14.—Although temperatures throughout the inland sections yesterday morning ranged below 32 degrees, deciduous fruit growers in the vicinity of San Bernardino report that the damage will be very slight owing to the fact that the majority of the trees were not in full bloom. Late peaches and some plums and almonds were damaged, it is stated.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Mar. 14.—The wedding of Charles H. Geldermann of Los Angeles and Miss Ruby Williams of Salt Lake City, which was solemnized yesterday in the Angel City, was an event of much local interest as the groom is a native son of Orange. The ceremony was performed by Rev. H. Michel at the parsonage of Trinity Lutheran church. The hour was 2:30 p. m. Charles Geldermann was born and raised in Orange and has countless friends here who will offer congratulations and best wishes. The romance that was so happily crowned Monday had its inception in Salt Lake several years ago while the groom was with the Wells-Fargo company in that city. He has been connected with the Geldermann-Walter market in Los Angeles during the last two years. Los Angeles will be the home of the young couple who are at present away on a few days' honeymoon to "parts unknown." Geldermann is a son of Mrs. Margaret Geldermann of 368 South Shaffer street, Orange. The bride is a daughter of Mr. and Mrs. J. B. Williams of Salt Lake.

Mr. and Mrs. S. Armor, on Sunday afternoon, enjoyed a call from a party of college friends, who came all the way from Claremont by automobile on purpose to make the visit. The callers were Dr. and Mrs. E. H. Geer of Claremont, who have been to Orange twice before on a similar errand, and Mr. and Mrs. George M. Clark, of Chicago. Dr. Geer is a classmate of Mr. and Mrs. Armor, all being members of the class of '71 of Oberlin College. Mrs. Geer and Mrs. Clark are also graduates of Oberlin. Clark is a well-known manufacturer of the Middle West and Mrs. Clark is prominent in the work of the women's missionary organizations of the Congregational church.

The local circle of the King's Daughters met on Monday in the room which they have been invited to use in the Methodist church. The attendance numbered eleven. There was no business of importance to be transacted. Relief work was reported and one family needing assistance was mentioned. The next meeting will be held on Monday, March 26, at the same place, the room at the southwest corner of the Methodist church. It is hoped that there will be plenty of work and a full attendance of members and friends is requested.

Mr. and Mrs. George Dierker entertained with a 6 o'clock dinner Monday in honor of Mr. and Mrs. Joe Stecher and Mr. and Mrs. Anton Stecher of Dodge, Neb. Mrs. Anton Stecher is a cousin of Mr. Dierker. The teacher party is spending some time in California. Joe Stecher coming here to defend his title as the world's champion wrestler. The Dierker home was tastefully prepared for their reception, the rooms being decorated with calla lilies. Covers were laid for the following: Mr. and Mrs. Joe Stecher, Mr. and Mrs. Anton Stecher, Miss Tilla Dierker, Miss Tilla Bandick, Mr. and Mrs. George Dierker and family.

The Olive Improvement Association will hold a meeting Thursday evening for the consideration of the introduction of gas into Olive. The meeting will be at the Olive hall beginning at 7:30 p. m. A report will be submitted on the cleanup campaign. All the people of the district are urged to be present.

## CHAMPIONSHIP CLASS C IS STILL IN DOUBT

Three teams are still competing for the championship in Class C of the Y. M. C. A. basketball schedule. They are the invincibles of Westminster, the R. R.'s of Tustin and the Amateurs of Santa Ana. In the last contest the Santa Ana team defeated the one from Tustin by a score of 15 to 14.

Jayne and Keeney of Santa Ana and Wiley of Tustin were the stars. The teams lined up as follows:

Amateurs R. R.'s  
Jayne (2) G Hillard (2)  
Keeney (2) C Brown (2)  
Barker (4) F Wiley (10)  
Jerome (5) F Coffee

## INDIANS MAY BE ORGANIZED TO FIGHT FOR U. S.

Indian Commission Recommends Formation Fifteen Indian Regiments

RIVERSIDE, Mar. 14.—A resolution recommending the organization of fifteen regiments of soldiers from the various Indian tribes, reservations and schools of the United States was adopted by the United States Board of Indian Commissioners in session at Sherman Institute. The resolution will be forwarded to Secretary of the Interior Lane.

The resolution contemplates the arming and equipping of the older students of Sherman Institute and similar schools with regular army rifles and providing them with drill in regular war tactics by qualified officers detailed from the Indian service. In case of actual hostilities with any foreign nation attacking through Mexico, it is believed that the Indian boys would be particularly efficient in border service.

## GIRLS! GIRLS! TRY IT! STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair Stops Falling Out and Gets Thick, Wavy, Strong and Beautiful

—Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair-cleanser." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.—Advertisement.

"My Country 'Tis of Thee, Sweet Land of Liberty."

### NONPARTISAN CONGRESS

Our entrance into the war seems inevitable. Even if we escape direct participation, our foreign relations will remain, while the war lasts, as delicate and difficult as if we were actually involved. Domestic problems, on which our political parties are based, are not now important. Our foreign problems are all-important.

In such a crisis as ours, nearly every European country, whether belligerent or neutral, has organized a non-partisan government. That is easily done by nations that have the English cabinet system. It merely requires the formation of a coalition cabinet, by voluntary consent of party leaders. If the nation is satisfied, no election is necessary.

We cannot change our administration except after a long period, by a formal election. The President might change his cabinet, choosing representatives of both parties for his advisers, as Lincoln did. But such a step doesn't really go very far. The power remains with the President.

The executive, anyhow, at a time like this, is presumed to be acting not as a party leader but as the spokesman of the nation, regardless of the personnel of his cabinet. And Mr. Wilson appears to be honestly trying to fulfill this ideal. It remains for Congress to do likewise.

Congress has just now an admirable opportunity to show itself sincerely non-partisan in its handling of national problems. The Senate has already undertaken to purge itself of crippling rules and enables its members to transact the nation's business as representative Americans rather than political partisans. The House of Representatives is in position to attain the same purpose still more effectively.

The new house has no majority of either party. Half a dozen assorted "independents" are considered as holding the balance of power. If the two parties hold together as usual, that half dozen can control the House organization and control the subsequent legislation. They can wreak havoc if they choose. A little minority can rule the nation.

There is now a strong and growing demand that the Republicans and Democrats of the House shall get together and avoid any such misfortune. They would agree on a speaker, and would divide the committee, giving to representatives of each big party an equal share of power. Then all legislation would be handled not as Republican or Democratic, but simply as American.

Is it too much to hope that the leaders of the two parties in the House will be big and patriotic enough to do this?

### ICE CREAM BREWERIES

The leading brewery in the national capital is going to start brewing ice cream.

The reader may retort that ice cream can't be "brewed." Be that as it may, the term is likely to come into general use if present tendencies continue. The brewery in question is preparing for the "dry" Washington expected as a result of the Sheppard prohibition bill. It is already turning part of its works into an ice cream factory, and intends soon to convert the entire plant. There is going to be sufficient demand for ice cream, the owners believe, to make the change profitable.

It sounds reasonable enough. Beer and ice cream don't mix. But deprivation of one seems to arouse a taste for the other. It is an observed fact demonstrable in any community that goes "dry," that prohibition leads to an increase in the ice cream consumption. There is, of course, a similarly increased demand for "soft drinks," and many breweries in states recently turned prohibition have merely made a little change in equipment and gone into the manufacture of ginger ale, root beer, etc., with no loss of revenue.

Another possibility not generally recognized is the increased demand for candy which comes with prohibition, and of which the ice cream demand is merely a symptom. Why don't some of our liquor manufacturers, when they find their business outlawed, turn to brewing and distilling candy?—Riverside press.

### WITH MALICE TOWARD NONE

By Henry James

Advertising  
Human intelligence has been striving for some better advertising medium than the local paper, but has never found it. The smallest item in the paper is bound to be read.

The householder has a right to resent the dodger impudently cast on his front lawn. He gathers it up with a snort of indignation and puts it in the trash box. If he were to take the trouble to read it, he wouldn't believe it. If it is disguised in the form of his regular paper, he is even madder about it.

There is a sort of an excuse for the billboard, but not enough to justify this defacement of the scenery. The billboard often displays pictures, as, for instance, of the coming picture, and is for the benefit of the illiterate. They can tell that a circus is coming when they see a lady balanced on one foot on a horse, her skirts having been left at home.

But intelligent persons desiring to know what's what watch the ads in the paper, knowing that to be the place for them.

Utah Gets Good  
No longer in Utah may one buy or roll the cigarette, or have upon his person the makings of the same.

Probably there are some boys in Utah who don't smoke now. After this all of them will smoke. The zest of actually buying a law wide open can't be resisted.

In youth I attended a college where smoking was forbidden, with the result that every student arriving there was striving within a week to acquire the habit.

Doubtful Policy  
The constituents of a Wisconsin statesman telegraphed him recently to get behind the President.

And thus get a chance at the executive back with a hatchet? Looks dangerous to me.

Bumpty Billy  
Billy Sunday says: "I am sick and tired of hearing Christ called a dough-face and a mollycoddle."

Frequently the outsider, whose respect for religion is profound, and whose disgust for Bill is complete, wonders if there is nothing that can influence the man to be decent.

Cutting Salaries  
High salaries among movie people seem to survive. There is only one way of cutting them down.

Let a movie star be sued for alimony and the sudden shrinkage of his income is nothing less than pathetic.

To the Rescue  
A man has brought suit for breach of promise. He wants \$10,000, which shows the poignancy of his hurts.

Brave chap! He won't have the helpless male walked all over by the high heels of the female.

Well, what would you think, "gen-

### REPORT OF THE CONDITION OF THE FARMERS & MERCHANTS NATIONAL BANK at Santa Ana, in the State of California, at the Close of Business on March 5th, 1917.

### HOT FROM SACRAMENTO

SACRAMENTO, Cal., March 14—Charging that the Harris bill, providing for free high school text books, and recommended favorably by the assembly committee on education, "was drafted absolutely in the interest of the textbook trust of the east," Assemblyman Dan Williams, a school teacher, today declared he would fight the proposed measure to the finish.

The Harris bill provides that the books be purchased by the various districts and distributed among the high school students.

Williams' big objection is that the bill gives the state printery no opportunity even to make a bid for furnishing the books.

"Ample provision is made in the bill for eastern concerns," says Williams, "but there is no provision for publication by the state. I am not charging Mr. Harris with unfairness, but I do say that the legislative textbook investigating committee, of which he is a member, and which recommended such a plan as this bill proposes, was unduly prejudiced in favor of the eastern book concerns. Some consideration should have been given to the state printery."

"I would have a bill which would give the state printery a chance, but I would be satisfied with an amendment to the Harris bill if it would only give the state an opportunity to print the books, provided that the state printery could turn them out at as low a cost as anyone else. But the trouble with the Harris bill is that it is drafted so carefully in the interest of the eastern book concerns that it could hardly be properly amended."

The state educational commissioners and the state board of education have endorsed the Harris bill, holding that it would be impossible for the state printery to produce the books at a saving unless a standardization system was provided for, so that high school books in the various subjects would be uniform throughout the state. Simultaneously, it was held that such uniformity would retard the advancement of high school education.

But Williams replies that even if there is no standardization or uniformity, the state printery, if permitted to bid, could save the school districts \$100,000 a year.

"I was one of the joint authors of the constitutional amendment which brought about free textbooks for the elementary grades," says Williams, "and in my argument for the amendment I predicted that the state would turn out these books at a saving of something like \$200,000 a year. This very thing has been accomplished, and now I say that if the state printery be given a chance it can turn out high school books at a saving of \$100,000 a year."

### AMUSEMENTS

TEMPLE THEATRE  
Aside from the extraordinarily excellent show offered at this play house, patrons will share in the distribution of one hundred packages groceries tonight, for this is Country Store night and the management gives away to its customers twenty-five packages of groceries. These goods are all bought in Santa Ana, and each package bears the name of the merchant who sold it, together with the price of the article, and every package is positively guaranteed.

There are no blanks, so the lucky ones will get more than their share of the good things.

In addition, the Athon Company will be seen in their regular old-time minstrel show, claimed by those who saw it last night, to be one of the best of its kind seen here in many a day. Constance Talmage, noted screen star, will appear in the thrilling five-reel feature production, "Betsy's Burglar," the picture that made such a big hit in Los Angeles two weeks ago. For good measure, the ALL STAR TRIANGLE COMEDY PLAYERS will be shown in a one-reel comedy, "Her Cave Man," said to be funny in the extreme.

The present policy of giving a varied performance of good clean entertainment, is fast putting the Temple on the map as a popular play house, the increase in business each week showing that the public fully appreciate the class of productions they are getting.

The big pipe organ is an attraction in itself, and in the hands of Mr. Revill, lends a tone to the performance that could be had in no other way.—Adv.

Lost and Won  
Marie Doro will be seen at the West End Theatre on Thursday and Friday in "Lost and Won," prepared for the screen by Margaret Turnbull.

The story has to do with Cinders, a little new girl, who on a bet, is made the ward of a wealthy stockbroker, he wagering that he can make a new girl over into a society belle within a year. The girl becomes a reporter on the paper which she formerly sold. When

her benefactor is about to win the wager, he loses his money and is arrested for theft, and the former news-girl and reporter, by her cleverness, discovers the identity of the real thief and frees the man whom she loves, and who has learned to love her.

Not only is Miss Doro seen as a news girl of the streets, but is given an opportunity to wear some beautiful gowns. For her coming-out ball the Lasky company has made an especial effort to display the latest creations of the American designers. This is Marie Doro's first appearance on the screen since her splendid achievement in "Oliver Twist."

Clune's

What is said to be the first successful attempt to synchronize a long picture production with a musical score has been accomplished by William Furst, composer of the lyric accompaniment to "Joan the Woman." This picture, which is in eleven reels and takes about two and one-half hours for exhibition, will be shown at Clune's tonight for the last time. Geraldine Farrar, noted American prima donna, is the star.

Mr. Furst was music director for the enterprises of the late Charles Frohman and for David Belasco. His setting for "Kismet" and other productions attracted wide attention.

When Miss Farrar was at the Lasky studios in Hollywood last summer, appearing as "Joan of Arc" before the camera, Mr. Furst at the same time was working on the music score for the production. This association between the composer, the star and the producer, Cecil B. DeMille, established a new kind of relationship so far as the music setting in pictures is concerned. An incident of interest in this connection is that when Mr. DeMille came to New York and first showed "Joan the Woman" privately to friends, he remarked when they congratulated him, "I am glad you are delighted, but wait until you see it while you hear Mr. Furst's score."

At the Princess

An intensely exciting episode of "A Lass of the Lumberlands," is the race between two mogul locomotives, one driven by Helen Holmes, heroine of the thrilling lumber camp story, and the other by professional engineers who know the art of leaving a "loco" going fifty miles an hour without breaking their necks, and do it just in time to escape going in the ditch when their big machine telescopes a string of freight cars and then rolls over on its side.

The next episode of this charming serial will be shown at the Princess today and Thursday.

It would pay you to find out what electric cooking will do to put an end to these failures and relieve you of the uncertainties and discouragements of your kitchen hours. Attend the free cooking school this week at 412 North Main street.

DON'T LET YOUR COUGH HANG ON  
A cough that racks and weakens is dangerous; it undermines your health and thrives on neglect. Relieves it at once with Dr. King's New Discovery. This soothing balsam remedy heals the throat, loosens the phlegm, its antiseptic properties kill the germ and the cold is quickly broken up. Children and grown-ups find Dr. King's New Discovery pleasant to take as well as effective. Have a bottle handy in your medicine chest for grippe, croup and all bronchial affections. ## NATIONAL WORKERS

Christian Endeavor Officers  
Hold Conference Today  
With Workers Here

A party of State and National Christian Endeavor officers arrived in Santa Ana this afternoon over the Santa Fe for a conference and rally with the Endeavorers of the county. The party consists of Clarence C. Hamilton, a national field secretary; Howard Brown, president of the State C. E. Union; and Roy E. Creighton, field secretary.

The program that has been planned for the county workers begins at 4 p. m. with a conference and open parliament, to discuss the problems and methods of Christian Endeavor work. The conference will be held in the First Christian Church, corner Sixth and Broadway. At 6 p. m. a complimentary banquet has been arranged, to entertain the leaders and delegates. Toasts and an address by Mr. Hamilton will follow this at 7 p. m., closing promptly at 8, when the meeting will be adjourned for those who wish to go to the Lyceum Course entertainment.

For the past ten days, this party has been touring California in the interest of Christian Endeavor. They began work in the Upper Sacramento Valley, and will leave for San Diego tomorrow from which place Mr. Hamilton goes East. This is the first trip to California for Mr. Hamilton, though he is nationally known throughout the East as one of the outstanding Endeavor leaders. For years he was field secretary for the State of Ohio, from which position he was called into the national organization.

Several delegations from outside points are coming in for this meeting. Word has been received from Brea, Anaheim, Orange, Tustin, Huntington Beach of machine loads, and with the strong Santa Ana societies turning out a good meeting is certain. Plates will be set for 150 at the banquet, and the doors will be thrown open at 7 p. m. for those who wish to hear Mr. Hamilton.

## INTERESTING DINNER

Mr. and Mrs. R. J. Blee Hosts,  
Thrilling After Dinner  
Talks Feature

The birthdays of two well-known people of ancient and modern times were celebrated last evening, that of St. Patrick and of Mrs. R. J. Blee, and the Blee home was the scene of a delightful six o'clock dinner honoring the events.

Beautiful green and white decorations prevailed in the dining room, the pretty appointed board being centered with a mass of delicate freesias and ferns in a broad cut-glass bowl. The place cards carried out the idea. The living room was bright with the pink of the peach blossom, with which the country is now a-bloom.

Following the discussion of the delicious menu, thrilling after dinner talks were given by F. A. Blake and A. M. McDermott, who most interestingly told of their varied experiences.

During the Spanish-American war, Mr. Blake was sent to Manila to take charge of the Red Cross work there and he told of his labors there and many personal experiences of his strenuous life. Although modest in speaking of his achievements in this humanitarian work, Mr. Blake possesses a much-prized memorial and has been given honorable mention in a book published at that time.

A. M. McDermott spent twelve years as a mining engineer in Mexico and he, too, had many exciting experiences to relate. He said that although many had invested in property in that war-ridden country and had much at stake, they did not expect others to give up their lives to protect their holdings.

Those participating in the pleasant affair were Mr. and Mrs. F. A. Blake and Mrs. Hinkley of Orange, Mr. and Mrs. Louis F. Moulton of El Toro, Mr. and Mrs. L. M. Sproul, Mr. and Mrs. A. M. McDermott and Mr. and Mrs. E. P. Stafford.

At a well-attended meeting of the Elks last evening, the following officers were elected:

Exalted Ruler, H. A. Gardner; Leading Knight, W. C. Jerome; Loyal Knight, W. F. Diers; Lecturing Knight, R. C. Peterson; Secretary, W. W. Wasser; Treasurer, G. E. Peters; Tyler, E. R. Majors; Trustee, W. F. Menton; Delegate Grand Lodge, M. A. Patton; Alternate, J. C. Burke.

Installation will take place April 10. The Elks are planning for a very pleasant box social tomorrow night for the members and their families, the first opportunity given the ladies to see the building since it has been remodeled.

## TEMPERANCE MEETING

W. C. T. U. Hears Address By  
Dr. Zaiser, Talks By Other  
Good Speakers

A very interesting meeting of the W. C. T. U. was held yesterday at the home of Mrs. John McFadden. There was a large attendance and many new members were welcomed. The devotional service was led by Mrs. Mary Beals, who chose for her subject the temperance lesson to be used by the Sunday schools next Sunday.

The program was in charge of Mrs. Belle Rogers, county president, and the first number was a solo by Prof. J. F. Haynes, "Let Us Have Peace." This was very effectively rendered and was appropriate to the thought of the now saddened world.

Rev. H. W. Peck of the First Methodist Church spoke in regard to the Mexican mission and the need of an automobile to help him reach his people in different parts of the county.

Mr. Mendo explained his work and told of the large numbers of Mexicans in Orange county, most of whom have no religion and no church associations and need help. The Union decided to help Mr. Mendo procure the automobile. The Mexicans in the mission, though few in number, have raised \$55 for this cause.

Dr. Zaiser, of the Orange County Hospital, then spoke on the "Use and Abuse of Alcohol as a Medicine," especially as related to his work.

He told of those cases—called the alcoholics—who come to the hospital with delirium tremens, and the modern treatment of this disease. He said that in New York state 65 per cent of the insane have an alcoholic history. Alcohol is not used as formerly as a stimulant, as it has been found its after effect is always one of depression. Strychnine and other stimulants have happier results.

Many of the cases are brought in because of the use of alcohol, and only one-third of the number are Mexicans. Mrs. Elizabeth Mills, county organizer, spoke of the early days of the work and the many discouragements compared with the victories of today in the temperance cause.

The usual collection for the Mexican Mission amounted to \$3. The corresponding secretary, Miss Edith Ward, then read her yearly report. This was followed by reports on anti-narcotics by Mrs. Ruth Jaque and on "Evangelistic Work" by Mrs. L. E. Sturgeon. It was voted to have further reports at the next meeting, when the election of officers will take place. Mrs. L. T. Warren was appointed auditor.

Mrs. Eva Wheeler will spend the first two weeks in April in the county and will be in Anaheim on April 12 and 13. Further notice will be given of her meetings in Santa Ana.

It was decided to ask the representatives in the Legislature to vote for A. C. A. No. 34, to allow the reading of the Bible without note or comment in the public schools; also to ask them to oppose A. C. A. No. 26, which would take from the voters the power of ever again holding an election in regard to the liquor question; also to oppose A. C. A. No. 54, providing for the formation of segregated districts; "an open insult to California citizens" who have so strongly shown their belief in the abatement and injunction law.

Then followed an interesting session when Mrs. White, first vice-president, introduced twenty new members, giving to Mrs. M. E. Ward, the president, the shower of cards containing their names, three of them being of men, who thus become associate members. Mrs. Ward greeted them cordially, after which refreshments of cocoa and waters were served and a social time enjoyed.

Women Woodcraft Club  
The Women of Woodcraft Club met Monday with Mrs. Annie McGaffey, 1110 West Pine street. Pear blossoms

**OPEN NOSTRILS! END  
A COLD OR CATARRH**  
How To Get Relief When Head  
and Nose are Stuffed Up.  
—Count nity! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.  
Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant, antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.—Advertisement.

**For Seventy-Eighth Birthday**  
In honor of the seventy-eighth birthday of her mother, Mrs. Eliza P. Lacy, the oldest of Santa Ana's pioneers, Mrs. James Murray entertained charmingly at a family gathering, a few old friends and neighbors being invited to join the circle.

Pink sweet peas were used throughout the home at 801 East Fourth street and the time sped swiftly away with social chat and needlework. Tempting refreshments were served and it was ascertained that the day also marked the natal anniversary of Mrs. J. W. Flagg, she sharing in the honors of the day with Mrs. Lacy, although the cake provided for her lacked the required number of candles.

The numbers 78 were outlined in pink tapers upon Mrs. Lacy's cake. Both ladies were showered with appreciated gifts.

Those present were Miss Margaret Lacy of San Bernardino, Mrs. Mary Vance of Fullerton, Mrs. Lela Vaughn

and Miss Helen Vaughn of Orange, Mrs. Maude Pierce, Master Newton Pierce, Master James Stevenson, Misses Theodore Lacy, J. W. Flagg, V. Lyon and Juliette Smith.

**JOHN BURROUGHS**  
Miss Beulah May Reviewer  
For Ebell Book Section  
Last Evening

The Book Review section of the Ebell Society met Tuesday evening at the W. B. Tedford home. Miss Beulah May was the speaker of the evening and her subject, "John Burroughs."

Miss May let Mr. Burroughs introduce himself in the words of his autobiography, "I am, as you know, the son of a farmer. My father was the son of a farmer as was his father and his." Miss May told of his early life and schooling and of a memorable trip to New York City where he spent so much of his money for books that he was forced to walk the last six miles of his homeward journey carrying his precious books. Audobon and Emerson were among the collection and their influence upon his own writing is clearly defined. Audobon inspired him to write of the homely subjects about which he knows the most and Emerson's style was so faithfully copied that an unsigned essay was attributed to Emerson himself by many readers and even today is found in some volumes of his "complete works."

For a time he taught school, later was a clerk in the United States treasury and afterwards became a national bank examiner. All of which work was very distasteful. He says:

"I always wanted some element of play in my work and do yet. The work must be a kind of adventure and permit of sallies into fell fields." In consequence as soon as the returns from his writing made it financially possible he resigned his position as bank examiner and moved back to his father's farm to devote himself to literary work and to fruit culture and the observation of nature; birds interest him more than people.

Miss May said Burroughs' great contribution to the age is the impetus he has given to nature study. "Mr. Burroughs is not an original thinker, he is more an interpreter, translating the turgid language of the scientists into clear, lucid English."

**Afternoon of Whist**  
An afternoon pleasantly spent with whist was enjoyed by a coterie of the friends of Mrs. Carl G. Strock yesterday, six tables being occupied for the fascinating game. The lucky prize winners were Mrs. Robert Walker, Mrs. Horace Cook and Mrs. Frank Miller.

Masses of peach blossoms and wild onion flowers were artistically massed in large jardinières and in the dainty two-course collation the delicate pink and blue tints were noted.

Mrs. Kittle was gracefully assisted by Mrs. W. A. Flood, Mrs. R. C. Peterson and her sister, Mrs. Harl S. Kittle.

**Lyceum Concert Tonight**  
The Myrna Sharlow concert in the Lyceum concert will begin this evening at 8:15 o'clock at the Grand Opera House.

**Pleasant Joint Meeting**  
The Women of the Woodcraft at the pleasant joint meeting last evening, the first of a series of open meetings which promise to be very enjoyable.

A very interesting program was rendered including talks and photographs music. W. G. Gould pleased with a reading, "The soul of the Violin."

The ladies joined in a contest for guessing advertisements taken from the Santa Ana papers and the men vied with one another in trimming hats for the ladies, some wonderful creations being the result. Mr. Gibson received the first prize, a perky turban, and Mr. Trindle was given a bow tie for consolation.

The company was taken to James' gold room for refreshments. These joint social meetings will be held the second Tuesday in each month.

**Lincoln P.T. A.**  
The Lincoln P.T. A. will meet tomorrow afternoon at 2:45 o'clock in the kindergarten room. An interesting program has been prepared and all friends of the school are cordially invited to attend.

## Saves Eggs

Royal Baking Powder makes it possible to produce appetizing and wholesome cakes, muffins, cornbread, etc., with fewer eggs than are usually required.

In many recipes the number of eggs may be reduced and excellent results obtained by adding an additional quantity of Royal Baking Powder, about a teaspoon, for each egg omitted. The following tested recipe is a practical illustration:

## SPONGE CAKE

**DIRECTIONS:**—Boil sugar and water until syrup is thick and add to the stiffly beaten whites of eggs, beating until the mixture is cold. Sift together three times the flour, salt and baking powder; beat yolks of eggs until thick; add a little at a time flour mixture and egg yolks alternately to white of egg mixture, stirring after each addition. Add ½ cup cold water and flavoring. Mix lightly and bake in moderate oven one hour.

The old method called for 6 eggs  
and no baking powder

ROYAL  
BAKING POWDER

Made from Cream of Tartar, derived from grapes,  
adds none but healthful qualities to the food.

No Alum

No Phosphate

made pretty decorations. Work on a quilt for the Woodcraft home in Los Angeles was continued.

Light refreshments were served, the table being centered with the delicate pear blossoms.

Those present were Meses, Lizzie Phillips, Annie Westlake, Edna Hannah and Isabel Gipson.

**Mother and Two Daughters Nuns**  
Sister Dechantel, accompanied by her daughter, Mother Elsie of Chicago, are guests of the sisters of St. Joseph's parochial school. Sister Dechantel, who took the veil last summer, also is the mother of Rev. Mother Bernard of Eureka, who visited here recently.

**Third Household Economics**  
The third section, Household Economics will meet with Mrs. Randall, 617 East Seventeenth street, Friday of this week. Those attending the demonstration and luncheon at noon at 412 North Main street will go immediately to the Randall home.

Roll call will be answered to with "True and False Economics in the Home."

**To Have Luncheon**  
Instead of its regular meeting, the Sixth Household Economics Section will attend the luncheon given on Friday, March 16, by the Edison Electric Company at 412 North Main street, from 10:30 to 12 a. m.

Take knife, fork, spoon, pencil and paper.

**TUSTIN TWELVE**

**Mrs. Charles Sauers Carries  
Out Elaborate St. Patrick  
Idea At Meeting**

One of the ever-delightful meetings of the Tustin Twelve was held yesterday afternoon with Mrs. Charles Sauers at Tustin, the pleasure of the members being enhanced by the presence of the founder of the club, Mrs. Graham, who is here from Santa Barbara.

Mrs. Graham was the honor guest yesterday and received a hearty welcome. She organized the club in 1912 and it has had a most successful career. Another guest was Mrs. S. Suddaby.

Mrs. Sauers used a profusion of lovely peach blossoms in the living room and den and a green and white color motif, honoring St. Patrick, was seen in the dining room.

During the afternoon needlework served to pass the time happily and Mrs. Charles Johnson and Mrs. J. Sauers pleased with vocal duets.

The absence of Mrs. Morehead was greatly regretted, as this was the first meeting she has not attended. Mrs. Morehead is seriously ill.

The dining room was a dream and Mrs. Sauers was assisted in serving an elaborate three-course collation by her sister, Mrs. T. Berquist. The table was centered with a graceful basket tied with a huge bow of white tulle and overflowing with spicy white carnations and greenery. Shamrocks were everywhere seen and marked the places in the shape of gold leaves. Embedded in the ice cream was the green leaf and the cakes were iced in green and white and the mints were in those tints.

**Special Sunshine Meeting**  
There will be a special meeting Friday at 2 p. m. at the home of Mrs. Ray Dresser, 709 Hickey street. All members are requested to take needle, thread and thimble as there will be sewing and tacking of comforters.

**For Seventy-Eighth Birthday**  
In honor of the seventy-eighth birthday of her mother, Mrs. Eliza P. Lacy, the oldest of Santa Ana's pioneers, Mrs. James Murray entertained charmingly at a family gathering, a few old friends and neighbors being invited to join the circle.

Pink sweet peas were used throughout the home at 801 East Fourth street and the time sped swiftly away with social chat and needlework.

Tempting refreshments were served and it was ascertained that the day also marked the natal anniversary of Mrs. J. W. Flagg, she sharing in the honors of the day with Mrs. Lacy, although the cake provided for her lacked the required number of candles.

The numbers 78 were outlined in pink tapers upon Mrs. Lacy's cake. Both ladies were showered with appreciated gifts.

Those present were Miss Margaret Lacy of San Bernardino, Mrs. Mary Vance of Fullerton, Mrs. Lela Vaughn

and Miss Helen Vaughn of Orange, Mrs. Maude Pierce, Master Newton Pierce, Master James Stevenson, Misses Theodore Lacy, J. W. Flagg, V. Lyon and Juliette Smith.

**JOHN BURROUGHS**  
Miss Beulah May Reviewer  
For Ebell Book Section  
Last Evening

The Book Review section of the Ebell Society met Tuesday evening at the W. B. Tedford home. Miss Beulah May was the speaker of the evening and her subject, "John Burroughs."

Miss May let Mr. Burroughs introduce himself in the words of his autobiography, "I am, as you know, the son of a farmer. My father was the son of a farmer as was his father and his." Miss May told of his early life and schooling and of a memorable trip to New York City where he spent so much of his money for books that he was forced to walk the last six miles of his homeward journey carrying his precious books. Audobon and Emerson were among the collection and their influence upon his own writing is clearly defined. Audobon inspired him to write of the homely subjects about which he knows the most and Emerson's style was so faithfully copied that an unsigned essay was attributed to Emerson himself by many readers and even today is found in some volumes of his "complete works."

For a time he taught school, later was a clerk in the United States treasury and afterwards became a national bank examiner. All of which work was very distasteful. He says:

"I always wanted some element of play in my work and do yet. The work must be a kind of adventure and permit of sallies into fell fields." In consequence as soon as the returns from his writing made it financially possible he resigned his position as bank examiner and moved back to his father's farm to devote himself to literary work and to fruit culture and the observation of nature; birds interest him more than people.

Miss May said Burroughs' great contribution to the age is the impetus he has given to nature study. "Mr. Burroughs is not an original thinker, he is more an interpreter, translating the turgid language of the scientists into clear, lucid English."

**Afternoon of Whist**  
An afternoon pleasantly spent with whist was enjoyed by a coterie of the friends of Mrs. Carl G. Strock yesterday, six tables being occupied for the fascinating game. The lucky prize winners were Mrs. Robert Walker, Mrs. Horace Cook and Mrs. Frank Miller.

Masses of peach blossoms and wild onion flowers were artistically massed in large jardinières and in the dainty two-course collation the delicate pink and blue tints were noted.

Mrs. Kittle was gracefully assisted by Mrs. W. A. Flood, Mrs. R. C. Peterson and her sister, Mrs. Harl S. Kittle.

**Lyceum Concert Tonight**  
The Myrna Sharlow concert in the Lyceum concert will begin this evening at 8:15 o'clock at the Grand Opera House.

**Pleasant Joint Meeting**  
The Women of the Woodcraft at the pleasant joint meeting last evening, the first of a series of open meetings which promise to be very enjoyable.

A very interesting program was rendered including talks and photographs music. W. G. Gould pleased with a reading, "The soul of the Violin."

The ladies joined in a contest for guessing advertisements taken from the Santa Ana papers and the men vied with one another in trimming hats for the ladies, some wonderful creations being the result. Mr. Gibson received the first prize, a perky turban, and Mr. Trindle was given a bow tie for consolation.

The company was taken to James' gold room for refreshments. These joint social meetings will be held the second Tuesday in each month.

**Lincoln P.T. A.**  
The Lincoln P.T. A. will meet tomorrow afternoon at 2:45 o'clock in the kindergarten room. An interesting program has been prepared and all friends of the school are cordially invited to attend.

**Supper-Whist**  
A large company of friends of Mr. and Mrs. W. E. Winslow were right royally entertained at their home last evening at 6:30 o'clock supper, which was prettily served on fifteen small tables.

In the living room, a pink color motif was carried out with pink sweet peas and lacy maiden hair ferns, a spray being attached to the napkin and afterwards worn by the owner as a boutonniere. The pink was seen in the confections and cakes.

In the dining room, yellow was the prevailing tint, carried out with delicate, sweet scented freesias, the hue being seen in the appointments. The guests were permitted to seat themselves as their fancy chose and the scene was an animated one.

The tables were afterwards cleared for whist and after the series of games, during which the victrola played lively music, the handsome trophies were awarded to Mrs. F. G. Taylor, Mrs. A. H. Lyon and Miss Dresser and to W. A. Huff, John Tubbs and A. H. Lyon.

The list included the following: Meses and Meses, George Briggs, J. N. Bartholomew, Holmes Bishop, J. I. Clark, L. J. Carden, C. V. Davis, J. E. Gowen, Giffin, W. A. Huff, C. D. Holmes, C. S. Kendall, Charles Kelley, A. H. Lyon, J. C. Metzger, J. S. Perry, Fred Rafferty, J. S. Rice, H. H. Reeves, P. R. Reynolds, A. W. Rutan, O. M. Robbins, V. A. Rossiter, W. H. Spurgeon, L. L. Whitson, F. G. Taylor, J. W. Tubbs; Meses, W. L. Tubbs, Addie Collins, Knowles, Alice Harris; Meses Ginn, Katherine Edwards, Rosa M. C. B. Dresser; Dr. J. P. Boyd, Ralph Collins and Lester Tubbs.

**Wedded at High Noon**  
C. Whealan Sherman of 4909 Western avenue and Mrs. Sarah Adelia Schneider, both of Los Angeles, were married today at high noon at the parsonage of the First Methodist Church by the pastor, H. W. Peck.

They were accompanied by Mrs. Schneider's married daughter and by Mr. and Mrs. Ernest Pfeiffer of Los Angeles.

Mr. Sherman is an old soldier and press correspondent.

**Too Late to Classify**

Santa Ana, Cal. March 13, 1917.  
To whom it may concern:  
This is to certify that I have taken up the following described estrays:  
Two m

# OUTFALL SEWER AND BRIDGES IMPERATIVE SAY DADS

City Councilmen Discuss the Needs Under Bonds At Today's Luncheon

Santa Ana's bonded indebtedness is less than half of the possible limit. This fact was disclosed at the Chamber of Commerce luncheon at the Cherry Blossom at noon by members of the city council who told of the city improvements needed that must be provided through bond issues.

An outfall sewer and bridges on North Main street and Flower street across the Santiago creek were given as the most imperative needs at the present time.

F. P. Nickey was chairman of today's luncheon and he had assigned to the different members special subjects. Visel and Greenleaf were not present.

George McPhee covered the bonded indebtedness of the city and the need of the outfall sewer. He opened his remarks by saying that he had been asked a number of times since agitation of bonds for bridges and sewer was commenced why the city did not do some of the work out of its regular income. He recalled that the city would not have any more tax money coming in before next November and gave an itemized statement of the dis-

burements the city would have before that date. In effect, it was that the city had no funds it could use in these improvements, and that it had a hard time in getting enough to meet the regular expenses of the city government.

The city is limited to 15 per cent of its assessed valuation in the issuing of bonds. The city's assessed valuation is \$6,786,469, which in round figures would permit the issuance of bonds to the amount of \$1,000,000. The indebtedness of the city is now \$450,515, exclusive of state and county highway bonds. Of the indebtedness \$255,000 is for school bonds. The bonds are as follows: Sewer, series 1898, \$35,740, maturing in 1938; city hall, series 1903, \$7,000, mature 1924; water works No. 2, series 1905, \$70,000, mature 1945; water works No. 3, series 1911, \$14,000, mature 1921; water works No. 4, series 1914, \$5,275, mature 1924; fire department, series 1914, \$10,500, mature 1938.

The revenue of the city from taxes, licenses, franchises, etc., is \$75,341.68, and in support of his statement that the city did not have funds with which to make improvements, gave an estimate showing that the disbursements of the city for the nine months up to November 1, would aggregate \$1,182,556. The estimate covered fixed expenses only.

The outfall sewer will require bonds in the amount of about \$85,000, while the bridges will require about \$40,000.

J. W. Tubbs told of the conditions existing as to bridges. The Main street bridge is dangerous and a new one is imperative. Plans now under consideration but not accepted call for a structure that will cost about \$30,000, and plans for Flower street call for about \$50,000. The former will be of reinforced concrete, the latter of wood and steel.

Trustee Maryatt had a long list of needs for the city, but conceded that they were not as necessary as the sewer and bridges. A combination firehall and jail, storm water outlet, more ornamental lights, especially a system extending north on Main street to the bridge, with an electric "welcome" sign on the bridge, and free camping grounds were named in the list.

"Santa Ana is the best town in Southern California and is deserving of the best," said Maryatt, in his address.

Maryatt thought the city should annex a shoestring strip to Newport bay, the same as Los Angeles has done at San Pedro, in order that local merchants might get the benefit of water rates, and he suggested that a municipal auditorium should be secured.

Prof. Hammond, principal of the high school, was named as chairman of the luncheon next week. The merchants will be guests of the domestic science department of the high school, and the luncheon will be held at the high school. Automobiles will be provided for getting the business men to and from the high school, machines leaving the corner of Fourth and Main at 12 o'clock.

ORANGE FIVE IN TIE WITH CRESCENTS FOR SOUTH CHAMPIONSHIP

By a score of 23 to 18 the Orange Athletic Club basketball team defeated the Whittier Crescents at Whittier in a game of the round robin tournament for the Southern California heavyweight championship. The two teams are tied for the championship and another game for the title will be played.

**FREE HYOMEI**  
(PRONOUNCED HIGH-O-ME)  
ENDS CATARRH, ASTHMA, BRONCHITIS, COUGHS AND COLDS, OR MONEY BACK. Sold and guaranteed by ROWLEY DRUG COMPANY

# CONTAINERS AND MEASURES BY THOUSANDS CONDEMNED

State Department Weights, Measures Makes Interesting Bi-annual Report

That the activities of sealers of weights and measures commissioners in the various counties of the state have been effective and had the effect of reducing the number of dishonest scales and measures is shown in the first bi-annual report of the Department of Weights and Measures of the state just received by County Sealer of Weights and Measures Geo. McPhee. The report covers the period from July 10, 1914, to October 31, 1916, and in addition to giving a general resume of the operations of the department, gives a table showing comparisons between 1915 and 1916. The number of short measures, defective scales and containers confiscated during 1916 were less than half what they were in the previous year.

The following table shows a comparison of the number of articles condemned.

	1915.	1916.
Scales .....	9,249	5,705
Measures .....	2,015	2,182
Weights .....	5,383	928
Measuring pumps .....	47	30
Milk bottles .....	211,813	82,675
Small prosecutions .....	163	103
Convictions .....	118	74
Aquittals .....	15	4
Establishments visited .....	26,796	44,783

An Honest John  
McPhee had the surprise of his life yesterday. And in the surprise he discovered that Santa Ana has a Chinaman engaged in the vegetable business here who desires to live up to the regulations of the weights and measures laws. The Chinaman yesterday brought him a pair of spiral spring scales which could very easily be adjusted to give short weight and not be noticed by the average buyer. The limit of the scale is 100 pounds and the scale face is attached in such a manner that it can be raised with the fingers while the operation of weighing is in progress. McPhee promptly confiscated the weighing device.

MUSCLE SORENESS RELIEVED  
Muscular work, bending and lifting or strenuous exercise of the muscles, may become sore and stiff, you are crippled and in pain. Sloan's Liniment brings you quick relief. Rub it on, it penetrates without rubbing and drives out the soreness. A clear liquid, cleaner than mussy plasters or ointments, it does not stain the skin or clog the pores. Always have a bottle handy for the pains, aches, of rheumatism, gout, lumbago, sprains, bruises, stiffness, backache and all external pain. At your druggist's, 25c.

If you find that your day contains too many work hours and too few recreation hours, look into this question of electrical cooking and see how it enables you to rearrange your day to your greatest advantage. It is demonstrated in cooking North Main St. being held daily at 412 North Main St.

**.20 INCHES RAIN FALLS HERE TODAY**  
Twenty-hundredths of an inch of rain fell here this morning, according to measurements taken by S. Hill & Son at 2 o'clock this afternoon.

Beginning with a very light drizzle at about 6 o'clock this morning, the rain became heavier later in the morning and ceased by late forenoon. Today's weather forecast, issued in Los Angeles, promises fair weather tonight and tomorrow, with frost tomorrow morning.

It is not believed that the rain harmed the apricot blossoms. The season's rain total now is 11.46 inches.

**MANY FOLKS IN OUR HOME STATE TESTIFY.**

San Francisco, Cal.—"I am very glad of the chance to tell how much good 'Golden Medical Discovery' has done for me. For a long time I suffered from indigestion and a bad case of catarrh. I tried a great many so-called 'remedies' but none of them did me a particle of good. I finally tried Dr. Pierce's Golden Medical Discovery and was glad to feel an improvement right away. I have taken five bottles altogether and I have not a trace of indigestion or catarrh at all now."—Mrs. A. GEORGE, 1322 Leavenworth St.

**Why "An-uric" is an INSURANCE Against Sudden Death!**

**SUFFERERS FROM BACKACHE, RHEUMATISM AND KIDNEY TROUBLE.**

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore, and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery—"An-uric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "An-uric" is the most powerful agent in dissolving uric acid, as hot water melts sugar.

# Former United States Senator Mason Takes Nuxated Iron

Pioneer in Pure Food and Drugs Legislation, Father of Rural Free Delivery System to obtain renewed strength, power and endurance after the hardest fought political campaign of his life in which he was elected Congressman-at-large from the State of Illinois. The results he obtained from taking Nuxated Iron were so surprising that

**SENATOR MASON NOW SAYS**  
Nuxated Iron should be made known to every nervous, run-down, anaemic man, woman and child.

Opinion of Doctor Howard James, late of United States Public Health Service, who has prescribed and thoroughly tested Nuxated Iron in his own private practice.

WHAT SENATOR MASON SAYS:  
"I have often said I would never recommend medicine of any kind. I believe that the doctors' place. However, after the hardest political campaign of my life, without a chance for a vacation, I have been starting to court every morning with that horrible tired feeling one cannot describe. I was advised to try Nuxated Iron. As a pioneer in the pure food and drug legislation, I was at first loath to try an advertised remedy, but after advising with one of my medical friends, I gave it a test. The results have been so beneficial in my own case, I made up my mind to let my friends know about it, and you are at liberty to multiply this statement if you so desire. I am now sixty-five years of age, and I feel that a remedy which will build up the strength and increase the power or endurance of a man of my age should be known to every nervous, run-down anaemic man, woman and child."

Senator Mason's statement in regard to Nuxated Iron was shown to several physicians who were requested to give their opinion thereon.

Dr. Howard James, late of the United States Public Health Service, said: "Senator Mason is to be commended on landing out this statement on Nuxated Iron for public print. There are thousands of men and women who need a strength and blood-builder, but do not know what to take. There is nothing like organic iron—Nuxated Iron—city increased strength, snap, vigor and staying power. It enriches the blood, brings roses to the cheeks of the aged, and is an unfailing source of renewed vitality, endurance, and power for men who burn up too rapidly their nervous energy in the strenuous strain of the great business competition of the day."

Dr. King, a New York physician and author, said: "I heartily endorse Senator Mason's statement in regard to Nuxated Iron. There can be no vigorous iron men without iron. Pallor means anemia. Anemia means iron deficiency. Lack of energy, nervousness, and weakness, the flesh flabby, the muscles lack tone; the brain lags, and the memory weak, are often the result of iron deficiency. Irritable, despondent and mean-spirited."

"In the most common foods of America—the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated corn meal, and iron is a large factor. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cooking, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grade of iron loss."

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron—Nuxated Iron. When you would use food; when your food has not enough said."

Dr. E. Sauer, a Boston physician who has studied abroad in great European medical institutions, said: "Senator Mason is right. As I have said a hundred times over, organic iron is the greatest of all strength builders."

"Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of twenty and as full of vigor, vim and vitality as a younger man. In fact, a young man he really was, notwithstanding his age. The secret, he said, was taking organic iron—Nuxated Iron. He had pulled him with renewed life. At thirty he was in bad health; at forty-six he was care-worn and nearly all in. Now at fifty, after taking Nuxated Iron, a miracle of vitality and his face beaming with the buoyancy of youth, iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what

**'STARVATION FEAR' TEUTON WAR MALADY**

AMSTERDAM, Mar. 14. (By Mail)—An article is being widely printed in Germany dealing with the control of a new "war disease," that German doctors have to combat. Having met and defeated the old war diseases, cholera, typhus, spotted fever and small pox, they now face "psychological starvation."

"This disease," says the article, "is of a much more difficult character, as it is mental and is quickly spread from one sufferer to another. It is found strangely enough, in peaceful countryside where war's alarms have not penetrated. It is first a fear of starvation and out of this fear rises a sort of psychological hunger. The confusion of ideas is sometimes exciting, sometimes crippling, and robs one of courage and sense."

"Fear of starving will cause many to make luxurious use of available supplies, to use all sorts of tricks in order to attempt to cover themselves with a reserve layer of fat for times of still greater scarcity."

"In thousands of letters, mostly written by women, the writers speak of nothing else except the fear of ultimate starvation."

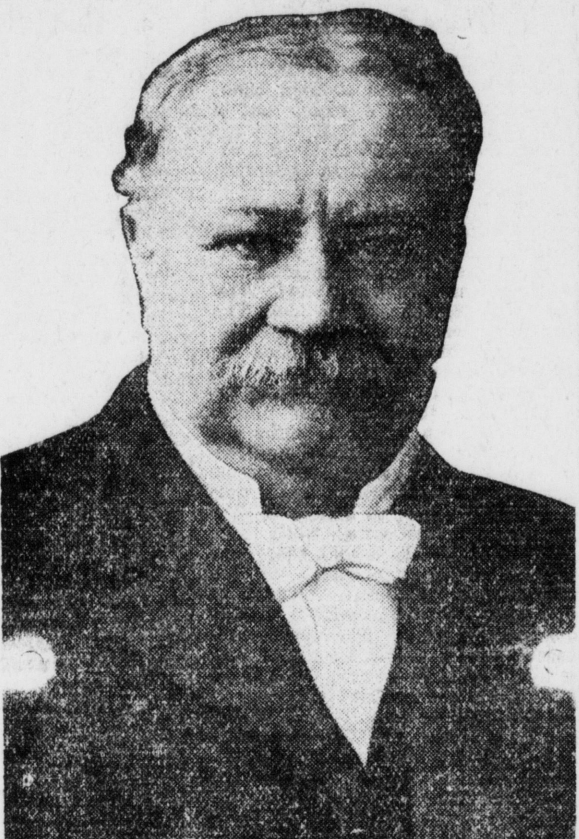

**NEWPORT POWER BOAT MEN MAY JOIN NEWLY FORMED L. A. SQUADRON**

It is possible that a number of members of the Newport Harbor Yacht Club will become members of the United States Power Squadron, Inc., a national organization. Securing the enlistment of all boat owners, whose craft would be available for scout and other service in the event of war is the object of the new Los Angeles organization.

Boat ownership is not essential to ownership. A number of Los Angeles men registered power boats with the new organization.

**THE WEATHER**  
Fair tonight and Thursday. Heavy frost Thursday morning. Westerly winds.  
Mar. 13.—Maximum 61, minimum 39.

**BIRTHS**  
LAMBERT—In Santa Ana, Cal., at the Davies Maternity Home, March 14, 1917, to Mr. and Mrs. H. L. Lambert, a son.

Former United States Senator Wm. E. Mason, recently elected Member of the U. S. Congress from Illinois.

From the Congressional Directory, published by the United States Government: Wm. E. Mason, Senator from Illinois was elected to the 50th Congress in 1887, to the 51st Congress in 1889—defeated for the 52nd Congress 1892—Elected Senator to the 55th Congress 1897 to 1903.

Senator Mason is now Congressman from the State of Illinois. Senator Mason's championship of Pure Food and Drugs legislation, his fight for the rural free delivery system, and his strong advocacy of all bills favoring labor and the rights of the masses as against trusts and combines, made him a national figure at Washington and endeared him to the hearts of the working man and the great masses of people throughout the United States. Senator Mason has the distinction of being one of the really big men of the nation. His strong endorsement of Nuxated Iron must convince any intelligent thinking reader that it must be a preparation of very great merit and one which the Senator feels is bound to be of great value to the masses of people everywhere, otherwise he could not afford to lend his name to it, especially after his strong advocacy of pure food and drugs legislation.

Since Nuxated Iron has obtained such an enormous sale—over three million people using it annually—other iron preparations are often recommended as a substitute for it. The reader should remember that there is a vast difference between ordinary metallic iron and the organic iron contained in Nuxated Iron, therefore always insist on having Nuxated Iron as recommended by Dr. Howard James, late of the United States Public Health Service, and other physicians. In this connection Dr. Howard James says:

"Iron to be of the slightest value to the human system must be in a combination which may be easily assimilated. In the case of metallic salts of iron, iron acetate, etc., it is very doubtful if sufficient actual iron can be taken up and incorporated into the blood to be of any service, especially in view of the disadvantages entailed by its corrosive action upon the stomach and the damaging effect upon the dental enamel. When, however, we deal with iron in organic combinations, such as iron as albuminate, or better still, Nuxated Iron, a far different story is told. We will observe no destructive action upon the teeth; no corrosive effect upon the stomach. The iron is readily assimilated into the blood and quickly makes its presence felt in increased vigor, snap and staying power."

NOTE—Nuxated Iron which is prescribed and recommended above by physicians in such a great variety of cases is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the older inorganic iron products it is easily assimilated, does not irritate the stomach, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such good evidence of the value of Nuxated Iron that they offer to forfeit \$100,000 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Rowley Drug Co. and all good druggists.

**WARNS OF AMERICAN AUTO 'SATURATION'**

WASHINGTON, Mar. 14.—Warning to American automobile manufacturers to enter the world market before the American market becomes "saturated," was voiced by Dr. Edward Ewing Pratt, Chief of the U. S. Bureau of Foreign and Domestic Commerce today.

"If the production of automobiles in this country continues at its present rate of increase," Dr. Pratt warns, "and unless vital changes are effected, either in the consuming public or in the price of automobiles, this 'saturation' point may not be far off. For the commercial vehicle, however, development has probably only begun in this country."

American automobiles would have no difficulty in overcoming competition abroad, except possibly in the higher priced cars—above \$1200—Pratt declares. European manufacturers, he said, are not equipped to turn out cars on the extensive and highly efficient basis in effect in the United States.

**CLEAR AWAY THE WASTE**  
Bowel regularity is the secret of good health, bright eyes, clear complexion, and Dr. King's New Life Pills are a mild and gentle laxative that regulates the bowels and relieves the congested condition by removing the accumulated waste without straining. Take a pill before retiring and that heavy head, that dull spring fever feeling disappears. Got Dr. King's New Life Pills at your druggist's, 25c.

**TO BUILD COTTAGE**  
A building permit was issued yesterday to F. W. Slabaugh for a five room cottage at 925 South Sycamore to cost \$1150.

**A MOTHER'S TROUBLES**  
A mother's unending work and devotion drains and strains her physical strength and leaves its mark in dimmed eyes and careworn expressions—she ages before her time. Any mother who is weary and languid should start taking Scott's Emulsion of Norwegian Cod Liver Oil as a strengthening food and bracing tonic to add richness to her blood and build up her nerves before it is too late. Start Scott's Emulsion today—its fame is world-wide. It is free from alcohol.

IN THE JUSTICE COURT  
**RAISED TAYLOR'S  
BAIL TO \$1000  
TODAY**

Justice of the Peace Cox today raised the bail of Nelson J. Taylor from \$500 to \$1000 and set his preliminary hearing for April 5.

Taylor was arrested yesterday at the instance of Layton Brothers to whom he gave a check in payment for an automobile, the check coming back marked insufficient funds.

Efforts to get in touch with the young man's mother have been unsuccessful. The effort was made by a relative. His mother is said to be sick and for that reason his arrest here is being kept from her.

**Trial Postponed**

The trial of E. L. Dyer, driver of a San Diego auto stage, who some weeks ago is alleged to have used a

revolver in enforcing a demand, scheduled for tomorrow, has been postponed to an indefinite date. Some of the important witnesses in the case cannot be found. The arrest of Dyer was the result of an accident on the state highway below Capistrano in which he accused a resident of Hollywood, driving an auto, with being responsible for the mishap to his machine. He commanded the driver to drive him to Capistrano, using a revolver, it is alleged, to enforce the order.

**Found Guilty**

Ed Teggett was found guilty yesterday of disturbing the peace by Justice Goepfer, sitting for Justice Cox. He was given a suspended sentence.

**Day Nursery Teas**

Mrs. Charles Hall was one of the hostesses yesterday for the Day Nursery tea, inviting in a few more than the allotted number of guests to meet her mother, Mrs. A. M. Backus of Oakland. The time was passed with needlework and dainty refreshments were served. Yellow daffodils were used to grace the home.

Mrs. A. M. Gardner was another of yesterday's hostesses and Mrs. S. M. Davis is entertaining today.

Mrs. L. M. Forcey and Mrs. J. Howard Turner were also hostesses yesterday. Mrs. Forcey used peach blossoms for decorations and served lap refreshments.

AT THE COURTHOUSE  
**TROUBLE OVER  
OIL LEASES  
LEADS TO

**Peace Disturbance Complaint  
Issued This Afternoon by  
Dist. Atty. West**

District Attorney West this afternoon issued a complaint against G. M. Gordon of Fullerton, charging him with disturbing the peace. Gordon and W. C. Heffern have been having more or less trouble over oil leases and other matters which culminated night before last in Gordon making threats against Heffern, according to the statement of the latter to the district attorney.

**Appointed Administrator**

Louis D. Gunther was today appointed administrator of the estate of Wilhelmine Gunther, deceased. He qualified under bonds of \$14,000.

**Fictitious Name**

W. M. Silva of Fullerton has filed with the county clerk certificates showing that he is the sole owner of businesses conducted under the name of W. M. Silva and Company and the Bastanchury warehouse.

**Appraisers**

J. T. Huffman, C. W. Alms and J. N. Anderson have been appointed appraisers of the estate of John Stansbury, deceased. The estate is worth about \$36,500. John K. Stansbury has been appointed executor.

**REDLANDS UNIVERSITY  
HEAD GIVES ADDRESS  
AT BAPTIST CHURCH**

The membership of the First Baptist Church was splendidly and instructively entertained last evening by an address by President W. L. Duke of the Redlands University and by the Octett from the same place. The Octett sang four numbers. The beautiful and pleasing way in which the Octett rendered each number shows that they are being trained and instructed by a master in voice culture. It is certain that the feeling of President Duke "that he is proud of the University Octett" is the feeling of all who heard them. In a masterful and instructive fashion, President Duke spoke on "The Relation of the Christian Church and Education." Answering the question, "What is the purpose of the Christian church?" the speaker gave Jno. 19:10, "I am come that they might have life and that they might have it more abundantly." Eye hath not seen nor ear heard, neither hath it entered into the heart of man the things which God hath prepared for them that love Him." In commenting on this reference and the one, "Blessed are the pure in heart for they shall see God," President Duke said we project this experience into the future, whereas much of it is to be realized here and now. In contrasting the different views and purposes people have in education, the speaker said some want an education to be better equipped to

**Victrola Supremacy and What Makes It**

THE UNEQUALED VICTROLA TONE AND CONTROL OF VOLUME OF TONE—TWO DOMINANT VICTROLA CHARACTERISTICS THAT MAKE IT SUPREME AMONG MUSICAL INSTRUMENTS.

The Victrola tone is a wonderful thing. It is the tone of pure reality—throbbing with life and power—and it is exclusive with the Victrola.

Besides this true-to-life tone the Victrola has its system of changeable needles and modifying doors which enables you to instantly meet every acoustic condition without in the least degree changing the artist's interpretation.

These are only two of the many patented Victrola exclusive features.

**THE WORLD'S LEADING ARTISTS MAKE RECORDS EXCLUSIVELY FOR THE VICTROLA**

Caruso, Aida, Bori, Braslau, Calve, Culp, de Gogorza, Destinn, Farrar, Galski, Galli-Curci, Garrison, Gluck, Hempel, Homer, Journet, Martinelli, McCormack, Melba, Ruffo, Schumann-Heink, Scotti, Sembrich, Tetrazzini, Whitehall, Williams, Witherspoon, Werrenrath, and other famous singers.

We have a complete stock of Victrolas and Victor records. Pay us a visit in our new store and we will gladly play selections by any of the above artists. It is worth your while to let us show you how easily you can have a Victrola in your own home.

**VICTROLAS \$15.00 TO \$300.00—ON TERMS TO SUIT PURCHASERS**

**Starting Right with CRISCO**

CRISCO is a perfected product—an all vegetable cooking fat of such consistent quality that many women, famous for good cooking, give generous credit to Crisco as their aid in preparing unusually tasteful foods.

Cooking with Crisco is especially attractive because Crisco is unlike any other food product. It really is the cream of edible oil, pure, odorless, digestible and without flavor.

Crisco made foods are dainty, for Crisco gives nothing but richness to foods and their natural flavors are brought out in an appetizing way.

For better cooking results be sure and use Crisco.

**What We Feature In Our Skirt Dept.**

New arrivals in skirts are gracing our second floor this week. Among them we are featuring the new silk skirts, the latest wool sport skirts and a full line of plaids, checks and stripes.

We should welcome your inspection of these new arrivals in fine skirts, which we selected with great care and which we have priced with discretion.

**A Special Skirt**

We especially feature a wool sport skirt with large diagonal plaids, trimmed with buttons and braids. It is one of the very newest things and is attractively priced at \$12.50.

**Silk Skirts**

The new shipment of silk skirts includes the very latest designs. Prices are \$8.50 to \$17.50.

**Sport Skirts**

In sport skirts we are showing a full line of plaids, checks and stripes. Prices \$4.50 to \$12.50.

**Plain Skirts**

The most striking effects in new skirts are the plain blues and blacks, trimmed with hand embroidery. Prices are only \$4.50 to \$12.50.

**Something Exquisite In Coats**

One of the very exclusive effects in coats are the new designs in rose and gold. These models are beautiful and should have your early inspection.

**Waists**

In new waists we have the new lingerie, Georgette, crepe de chine, marquisette, voiles and organdies. Prices \$1.50 to \$4.50.

**Gilbert's INC**  
110 W. FOURTH ST. SANTA ANA, CALIF.

**RAIN PREVENTS APPEARANCE OF CHICK EVANS**

All likelihood of Chick Evans, national open and amateur golf champion, coming to the Orange County Country Club links today for his match with Silas H. Strawn of Chicago against Club Professional Bob Simpson and George B. Shattuck, vanished this morning when Evans got Shattuck on long distance and said he would not be on the Orange county course today, owing to the rain.

Shattuck states that Evans will appear on the Newport Bay links some time in the near future, the exact date depending on the weather and on other engagements that Evans has.

The match that was to have been played today was arranged by George E. Marcy, Lemon Heights citrus owner.

You appreciate good service. All work guaranteed. Call Sutorium, Pacific 279, Home 505; 309 E. Fourth.

Dr. Enoch, phone 602W. 411 1/2 Main.

Whether you do all or only a part of your own work, it will pay you to look into what the electric range will do to relieve you of wasted time, work and worry. See demonstration at the free cooking school this week at 412 North Main street.

**CARD OF THANKS**

—We wish to express our sincere thanks for sympathy and flowers sent in our recent bereavement, the death of Mrs. Adaline Emerson.

EMERSON BROTHERS and Relatives.

**SELLS LYRIC**

R. L. Hurlbut has sold the Lyric Theater to G. G. Orr.

**READY FOR WORK**

TALBERT, March 14—The river dredge will begin operations in a few days. The cog for the drum which has caused delay has been replaced. It was received Monday from the Torrance factory, where it was specially manufactured. The cog is of cast steel and this factory is the only one in the state that turns out this kind of work.

**Machinery on the Ground**

for  
**Hughes Arizona Copper Company**

The stock is selling at Fifty Cents per share. I sold the first stock November 30, 1916, at ten cents per share. It is a good buy now and will go higher as development increases. The company is in good financial condition. See me this week.

**Where Will You Stand Five Years Hence?**

Five years pass quickly.

Yet, men have been known to build powerful reputations in five years. They have established a character and credit standing that carried them over the gravest situations.

By concentrating your energies and starting a check and savings account at the Farmers & Merchants National Bank and the Home Savings Bank of Santa Ana you will be in position to establish a similar financial footing in five years.

We'd like to talk to you about this important matter.
